HUCK FINN AND BECKY THATCHER. Yes, here you see Warren's Huck Finn and Becky Thatcher of 1958. They are Gretchen Nasman (l.), the nine year old daughter of Mr. and Mrs. Harry Nasman, of 306 E. Fifth ave., and Becky Potter, the seven year old daughter of Mr. and Mrs. David Potter, of 124 Beaty st. Both represented Beaty playground in the annual event sponsored by the Warren Field and Stream Club at the Crescent Park grounds.

In the fish contest which followed the Huck and Becky contest Dan Madigan, of Crescent, caught the most fish; Alvin Whipple, of Beaty, scooped in the smallest fish; and Rita Harrison, of Airport, took honors for the largest fish caught. And, by the way, hooks and lines were not used.

Judges at the Wednesday afternoon contest were Mrs. Herbert Bartz, Mrs. William Nuhfer, and Harold Slack.

NOT AS EASY AS IT LOOKS. No, moving this piece of steel was no easy task.

It took construction workers at Warren's new Sewage Plant site a good day to lift this nine and one-half ton floating cover into position Tuesday. Initial attempts to place the lid, which is 45 feet in diameter,

onto the No. 1 digester tank proved useless. Then a second crane was brought in to assist, and even then the operation took over two hours. Hammond Iron Works of Warren built the steel structure.

More pictures of the operation appear inside of this week's Warren Observer.

MISS GOUDRUN ENSSLIN, from Tuttlingen, Germany, will spend this coming year in Warren as an exchange student. She will visit here under the sponsorship of First Methodist Church and is to reside with Mr. and Mrs. Glenn Elliott and their daughter, Linda, on Pleasant dr.

The young lady, one of seven children of the Rev. Ensslin, who is in charge of Youth Work at the Lutheran Church in Tuttlingen, comes to Warren under the program of the International Christian Youth Exchange.

Miss Ensslin will enter Warren high school this fall as a member of the senior class.

## Experimenters Off For World's Far Corners

The Newsletter of the Experimenters Association which was issued in June discusses the current summer's activities of that group which consists of those who take trips to other nations as a part of the effort to bring the people of the world together through better understanding and personal friendship. Leading one of the groups is Ed Zulak, of the Warren high school faculty, who will take his followers to Minden, Germany. Looking at it in reverse, while we are sending nine hundred experimenters to twenty-two nations, many of them are sending five hundred to our shores. Russia may join this stream, with educators now in Vermont where they are studying our educational methods. We have one group going to Russia.

The Experimenters' Association shows results in many ways. One is the scholarships which have resulted. They are provided by Experiment alumni, parents, foundations, colleges, and other groups and individuals. The fact that those who have enjoyed the early efforts along this line will in turn finance scholarships to make them possible for others is indicative of the values

enjoyed by our youth ambassadors. Warren county's this year is Robert Miley of Sheffield.

Here is a lead article which appears on the front page of the Experimenters' Newsletter:

"A remarkable experience is in store for over 900 young people and group leaders as they embark on Experiments abroad this summer. Eighty-six groups are going to 22 countries in Europe, South America, Mexico, Asia, Africa, and for the first time, to Poland and the U.S.S.R.

"Another first is being added in the chartering of the Arosa Kulm which will be turned over to some 758 group members who will sail from Montreal on June 23 and return to New York on September 4. The first Girl Scout-Experiment group also will be on the Kulm with their leader, Judith Neimann, District Director, Girl Scouts, Inc., of Schenectady. Some Experiment groups will still travel on other ships this summer, but the Kulm passengers will have the run of this vessel which ordinarily accommodates 830 persons.

"Departing on June 30 from Quebec on the Arosa Sun will be three groups from the State University of New York, which, in cooperation with The Experiment, is sponsoring its second consecutive summer's program.

"The group to Chile flies from Miami on June 28. Experimenters to Mexico meet in Mexico City on the same date. The Japan group flies from San Francisco on June 18. The groups to Poland and the Soviet Union will sail on the Arosa Sun leaving Quebec on June 30.

"Included in the outbound summer program are 64 Community Ambassadors from 55 communities in 17 states. This marks the beginning of the 11th year in which CA's have gone abroad as part of The Experiment. Seven new CA communities are represented this year: Hempstead, N.Y.; Delaware, O.; Keene, N. H.; Arcade, N. Y.; Farmington, Conn.; Novato, Cal.; and Greensboro, N. C.

"Leaders of the groups going abroad this summer were briefed in four intensive training conferences with three held in Putney, Vt., and one in Santa Barbara, Cal."

## Observations

By Bob Walsh

### WILL THERE BE A WAR?

As long as Russia can make propaganda and gain ground as a friend of the downtrodden through the steps we take, why should the Soviets start a war? If they don't start one, who will?

As long as America can be made to look like the aggressor, as it always will if it persists in sending troops into other nations, why should Russia spoil the picture by doing the same?

The communists work along other lines. They have too many million converts to be won without firing a shot or losing a life to justify their risking a war . . . a war that most thinking people realize cannot be won by either side.

The war we are fighting is an economic and social conflict. This you do not fight with arms and

soldiers. The arms and soldiers serve only to prevent the use of muscles while propaganda and deeds decide the issue.

\* It is the old feud between the haves and the have-nots. We have the oil in the Mid-East, and we have it by paying heavy tribute to the wealthy leaders. These leaders in turn fail to spend enough of their huge treasures to improve the health and living conditions of their subjects.

These have-nots are very rich ground for communism. We now are the wealthy aristocrats from a foreign nation who are protecting the interests of the privileged. This doesn't make us popular with the masses.

And it is the masses with which Russia deals. It is the hungry, the sick, the poor, the underprivileged, of which there are millions in that area, in India, and in all of Asia. These people know nothing about democracy. They know only that they are a poor lot and that communism will put them on the same level as those who have dominated them for centuries. That sounds like freedom to them. In fact, it is freedom by comparison with the destitution that has been their fate for generations.

\* We do not want the oil to fall into unfriendly hands. To prevent this we must take steps that add fuel to the flames already made brisk by our policy of failing to help the many.

If this oil falls into the hands of the communists, western Europe can be shut off from fuel. We will find it difficult to supply our friends and to enjoy our present comforts. They also will be stringently limited in theirs.

And so we will be pinched even farther and communism will have fertile ground even closer to our center, namely the unhappy people of nations who have lost their colonial wealth and are supporting their industrial aristocracy with unfair taxes.

\* It never has been clear to us what our foreign policy is. This confusion has obtained during several administrations and is not a political party slant. That would be simple.

We have maneuvered ourselves into a position where Russia could very conveniently move troops into nations neighboring Lebanon, justifying her action on the nearness of

hostile troops to her border. This would put her troops astride some very important oil lines, and they would be looking ours in the eye across several boundaries.

We still probably wouldn't have war because both are scared and neither dares, but neither would we have the oil.

\* We have been convinced for many years that America does not work hard enough at being a world power. We plow crops under while millions go hungry. We annually spend forty billions and up for weapons we never will use but argue about a pittance of foreign aid.

Two billion dollars spent to help India would make us a nation of friends. While Russia has its five-year plans, why don't we prove democracy will work by making it do just that in backward countries? Why don't we move other nations ahead so fast that Russia's progress would look slothful and slow? Electric power dams in the right places, help to build plants, and agricultural assistance would give these millions the fertile ground, the income, and the pride that man needs to enjoy his life and to respect himself.

And this would not be a one-way street. Help of this kind would cost a few billion, but they would be much more constructive billions than the ones spent on arms that grow antique every twelve months. And they would provide business for our own plants and work for our own unemployed. We doubt if there would be a recession.

\* As a nation we don't go all out. We quibble among ourselves over a paltry few dollars here and there while the race for world supremacy goes to the communists who have far less to offer, but who in their regimented approach are making themselves look good in the eyes of the world.

They regiment their promising youth through college. They regiment their athletes to win in all fields. They talk of their advances which are true and are impressive to starved, underprivileged millions in other countries.

You can't argue the two-party system with a hungry Arab. He will settle for one party if it gets him out from under the yoke of poverty.

Our politicians quibble, our public is uninformed, and we find ourselves in untenable positions out of which the communists can make grist for the mill of world acclaim. No nation can be popular as long as it abets oppression and occupies the lands of its neighbors with armed troops.

Such a situation never should be necessary. And it wouldn't be today if we joined together as a nation and worked harder at advancing democracy in the world. While we bicker over white supremacy, colored races in other areas are being won by communists who promise them far more than we are giving.

\* Will there be a war? Why should there be? The Russians don't need it to win. And we don't want it, and won't have it unless someone pulls the wrong button and starts the rockets' red glare.

We can't win the next one if we aren't prepared when it starts. And we can't win the economic and social one unless we start acting like free men, working like those who believe in freedom, and assisting others as should those who believe in human rights.

We must start working at the war without arms as diligently, as patriotically, and as sacrificially as we have during those perilous times when we have successfully fought the other kind of conflict.

If the Lebanon crisis has you scared, if it has you thinking, that is good. We need to think and to come awake. We haven't been winning this one, but it may not be too late to do something about it if we open our minds, our hearts, and our pocketbooks, and act.

\* You can't carry a cross in one hand and the horn of plenty in the other without using them both if you expect effective results.

GEORGE E. STRINGFELLOW

Imperial Potentate of the Shrine of North America, George E. Stringfellow, has selected Zem Zem Temple for his first official visitation and will attend the Zem Zem Ceremonial in Warren on August 2.

The high ranking Shriner is vice president of Thomas A. Edison Industries, and McGraw Edison Co., of West Orange, N.J., and winner of this year's Academy of Medicine of New Jersey's annual Citizen Award for "extraordinary" individual service for health and welfare to the general public.

In addition to serving as Potentate, he is also serving as a trustee

and member of the Imperial Divan in connection with the 17 Shriners Hospitals for Crippled Children which provide cost-free treatment and rehabilitation throughout the United States, Canada, Hawaii and Mexico for the underprivileged children regardless of creed or color.

NEW POSTAL RATES—AUGUST 1, 1958

Shown below are new stamps, postal cards and stamped envelopes for use beginning August 1, 1958, when new postal rates become effective.

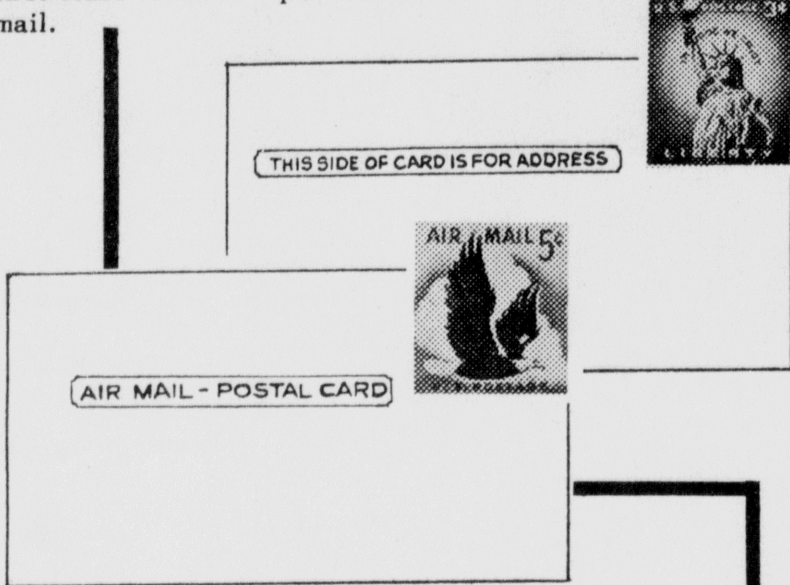

This regular 4-cent Lincoln stamp is available for use on first-class letter mail.

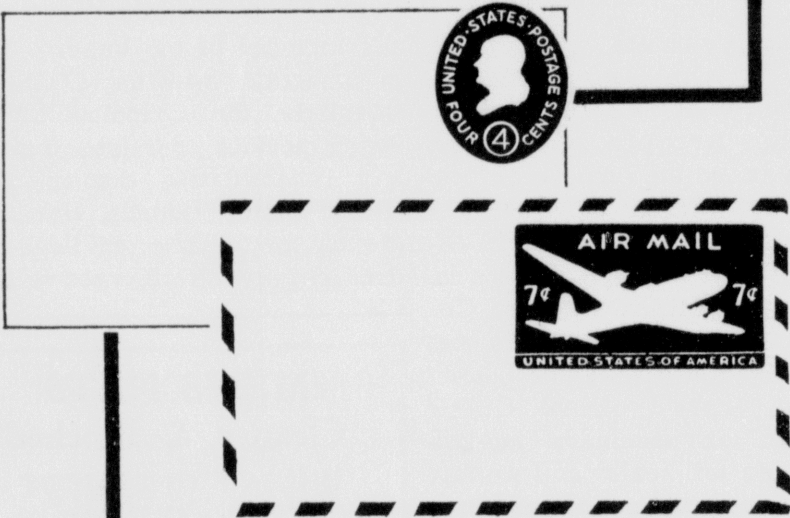

Use this 1-cent stamp with other stamps to meet new postal rates.

This new 7-cent Air Mail stamp is available for use on Air Mail letters.

Shown above are the new Government 3-cent postal cards and 5-cent Air Mail postal cards. Postage stamps of the same design and denomination are available for post cards.

Shown above are the new 4-cent Benjamin Franklin and 7-cent Air Mail embossed stamped envelopes.

BUYERS' CORNER

WHAT MAKES A NAME

There is much to be said in favor of buying "name" brands when you make your various purchases, but it also is well to realize what makes a "name". Some names are earned by reputation, and the public learns through use what gives the best result. That is a good name. But there also are many which are "name" brands only because they are widely advertised and are promoted so strongly that they predominate on the shelves of American stores.

Shelf room is what the big producers fight for, and they spend millions to gain it. During May for example Tide cost Proctor and Gamble \$712,202 for television network time. It was the biggest single expenditure for a product during that period.

The success of Tide can be credited to a pair of basic approaches. One is constant repetition. The other is money. With enough money you can do several layers of repeating.

The next single product in the ad budget race during the month of May was Viceroy cigarettes, which cost \$668,236 for tv time. Next in line was the \$646,404 spent on Dodge.

Anacin used \$605,248 in an effort to convince you of its pain-relieving powers. A few more places down the line, eleventh for the month of May, was Bufferin which may have been faster with 401,066 bucks than it was in the public's tummy.

Other big spenders on tv in May were Chevrolet, Ford, Winston cigarettes, Camels, L and M, Wisk detergent, FAB, Gleem toothpaste, Geritol, and Oldsmobile.

And of course those who live by the advertising dollar, such as publishers, radio operators, television station owners, and others, urge you to buy "name" brands. It is good business for them. Not always for you.

Your best buy may be produced by someone who lacks the millions to give it a "name" on the pages of Life, the Saturday Evening Post, or a national network.

PROTECTING YOU

The Federal Trade Commission is only one of the many groups whose job it is to protect the public from fast talk and unsupported claims. The Post Office Department also plays a major role in this business through its postal regulations which guard against fraud or obscenity.

The postal inspectors are responsible for the investigation of postal law violations, and their evidence then is used by the Post Office General Counsel to file complaints. Criminal violations are reported to the United States attorneys for action.

Typical of some of the cases, and perhaps enlightening to you, are the following fraud complaints issued by the General Counsel:

TUCKER PHARMACAL CO. at New York, New York, for selling through the mails MVS capsules which allegedly were for the restoration of "lost manhood" and protected one against the hazards of heart attacks, strokes, etc.

ZOOM SALES at Flushing, New

York. A company selling "Zoom," a product which was alleged to develop the bustline.

BOBCO DISTRIBUTORS, INC. at Denver, Colorado. This is a food supplement for "men over 35" which allegedly restored sexual virility, vigor and potency.

SMOKONTROL at New York, New York. This is supposedly a cure for the smoking habit.

FEILER PRODUCTS CO. at Minneapolis, Minnesota. "Feiler 'A' mixture" is alleged to be a corrective for intestinal malfunctioning, constipation, indigestion, etc.

JOHN SURREY, LTD. at New York, New York. They sold an "Electric Vibro-Pillow" which allegedly could be used for "spot reducing."

NATIONAL COSMETICS LABORATORY, INC. at New York, New York. This company sold "Youthlizer," designed allegedly to give women "all the benefits of a real plastic surgery face lifting without dangerous surgery."

CENTRAL STATES LABORATORIES, INC. at Chicago, Illinois. This company sold "Reduca-Caps," alleged to reduce weight without dieting.

GARY-HOWE CORP. at Garden City, New York. Their product is "Wonder-Slim" which would have users believe they could use to reduce weight without any dieting.

BORG-JOHNSON ELECTRONICS, INC. at New York, New York. Over

\$1,000,000 worth of supposed "Lifetime Pocket Portable" radios at \$5.00 a piece have been sold by this concern through extensive mail order advertisements. It is charged these are cheaply made crystal sets advertised as "lasting forever" and enabling the purchasers to receive excellent reception no matter where they may be.

THE BLIND WORKERS, INC. at Chicago, Illinois. By taking advantage of the sympathetic feeling of thousands of citizens towards the blind, this concern fraudulently obtained approximately \$375,000 in a period of about 4 months. A ball point pen selling scheme was used to fool people into believing that the money they sent to the concern for the cheaply made pens would be used to aid those who were without sight.

As far as can be determined, not one cent was used for this purpose and the concern was merely capitalizing on the misfortune of those who are blind.

Warren County  
DAIRY

PHONE WARREN 3523

# In Brief

**NEW ASSESSOR.** Fred Lenkner, formerly affiliated with Ruel Smith Enterprises, has been appointed new chief assessor for Warren County effective the first of August. He replaces Jack Nicholson, who has resigned.

**THE FUTURE** of the area's highways will be discussed by Carl Wild, deputy Secretary of Highways for Pennsylvania, and the Warren County Planning Commission next Tuesday. Also present for the session will be Harold Gahagan, district engineer from Franklin.

The highway transportation committee of the Chamber of Commerce in Warren previously requested the Highway Department to study a possible relocation of Route 6 west of Warren to eliminate the dangerous overhangs, as well as consideration for a feeder road to the proposed Keystone Shortway.

**A NET DECREASE** of 1.7 per cent (or 133) in employment has been reported in the area for the past 60-day period. The decline was mainly in the manufacturing group.

The current level is substantially less than a year ago and under the June, 1956, mark. The year-to-year variations are due primarily to the adverse trend in shop jobs which now lags behind both 1956 and 1957 by about 500.

In the last week of June 698 persons were receiving unemployment benefits. The figures for a month and two months ago were 667 and 692.

**HOTEL CASE.** Warren County Court will hear in November the case of William Mitchell vs. the Hotel Carver Corp.

Mitchell broke his back when he jumped from an upper story in the hotel when it burned down in April of 1956. He has been under a doctor's care since.

Four other cases involving the widows of four men who died in the fire were settled out of court in Erie.

**IN COURT** here Tuesday divorces were granted in the cases of Russell H. Davis vs. Mabel K. Davis; Donald W. Orcutt vs. Virginia I. Orcutt; Cecil A. Poole, Jr., vs. Charlotte A. Poole; Charles Andrew Eldridge vs. Salvinia J. Eldridge.

**44-YEAR-OLD** Irvin J. Troxell, of Route 4, Sugar Grove, was fatally injured last Friday morning after his pick-up truck left Route 280 at Quaker Bridge and rolled over an embankment into the Allegheny River. He was travelling toward Bradford when the mishap occurred.

A passenger in the truck, Stuart Fairbanks, 32, of Jamestown, N.Y., died in a Salamanca hospital 18 hours after the crash. Joseph Troxell, 15, son of the victim and also a passenger, suffered broken wrist bones.

**A DISORDERLY CONDUCT CHARGE** was made against Metro Fedorchuk, Jr., 22, Youngsville, by borough police last Saturday night. He pleaded guilty to the charge before a justice of the peace and was given three days in jail.

**MOVED TO ERIE.** The Rev. Fr. Robert Cohan, assistant pastor of Holy Redeemer Church in Warren, has been assigned in the same capacity at St. James Church in Erie.

**TWO AREA MEN** sentenced to three days in jail and fined \$100 and costs in Warren County Court Friday were Harold Joy, of Kinzua, and Ed Kiernan, of Jackson st., ext.

**OF THE TWENTY-FOUR** new and improved roadway projects undertaken by the Department of Highways in this district during the first half of this year, two are in Warren County.

The state is spending \$248,241 for the widening of Route 957 between Russell and Lander for a distance of over four miles, and

\$72,437 for surfacing nearly four miles of U. S. Route 62 in Watson and Pleasant townships.

The local highway department office is handling over 23 miles of resurfacing in its program, with most of the work complete at this date.

Roads and distances involved are: Route 6 from the overhead to Youngsville, .66 mile; from Route 6 toward Kinzua, 4.77 miles; Tidoute to Forest Co. line, 3.55 miles; near Crawford Co. line, .28 mile; Garland to Spring Creek, 2 miles; Lottsville to Columbus, 4.76 miles; Warren to Olney's Corner, 2.58 miles; Spring Creek to Crawford Co. line, 2.66 miles; and State Hospital roads, .28 miles.

**A SWIMMING POOL** for Warren is scheduled to be completed and ready for use by August of next summer, according to the recently organized Warren Area Swimming Pool committee which met this week.

The organizational structure of the community-wide committee was also considered and it was agreed the group would be headed by an executive committee composed of representatives of the Warren Central Labor Council, the Zonta Club, the Chamber of Commerce, the Jaycees and very likely another organization. The chairman pro-tem is William Clinger, president of the Junior Chamber of Commerce.

In the organization plan there will be four major sub committees -- site and construction, publicity, fund drive committee and finance. These should be selected by September 1.

It was pointed out that not only representatives of clubs and organizations involved are entitled to membership on the committees, but other individuals as well. Those interested should contact Mr. Clinger.

**PLANS REGARDING** the well-being of employees during a national emergency will be discussed by Civil Defense officials, leading industrialists, business men and bankers at a special meeting to be held at noon, Monday, July 28, in the Penn Laurel Motel. W. C. Fuellhart, Warren County CD director, will preside.

**A NEW WINTER-CAMPING CABIN** at Camp Olmsted, Lampe Lodge, was formally dedicated in a service held at the site Tuesday night. Among those participating in the program were William E. Yeager, scout commissioner of the local Council when it was organized in 1916, and Mrs. Catherine Robertson, the daughter of Mr. Lampe, after whom the lodge was named.

**MEN IN SERVICE.** Lt. (jg) Fred W. Grupp, Jr., son of Mr. and Mrs. Fred W. Grupp, Sr., of Corydon, was among the U. S. Navy men listed who arrived off Beirut, Lebanon, July 17. He is attached to the attack aircraft carrier USS Saratoga.

A Sugar Grove man, Pvt. Richard L. Warner, was part of the third increment of U. S. Marines who landed at Beirut on the following day. The son of Mr. and Mrs. Max-

**PLANS** for the 1958 Community Chest financial campaign started this week with a series of budget hearings between Chest agencies and the budget committee named by the board of directors.

Financial statements and requests are required by the committee from the ten participating agencies. These recommendations are then presented to the board of directors and the annual goal is established according to the needs of the respective agencies.

The budget committee for this year consists of Howard Lauffenberger, chairman, Holger Elmquist, Robert Dunham and Byron W. Knapp.

The organizations which derive their support from the annual Red Feather Drive for funds are the YWCA, YMCA, Boy Scouts, Girl Scouts, Salvation Army, Family Service and Children's Aid Society, Warren Visiting Nurses, Warren Relief Association, Child Health Center, and USO.

Present for the Tuesday afternoon meeting of the budget committee were (l. to r.) Capt. James A. Dihle, of the Salvation Army, Mr. Dunham, Mr. Elmquist, Mr. Lauffenberger, Charles Tranter, Chamber of Commerce executive, and William E. Yeager.

Next month the Chest board will set the campaign goal and dates for the October drive.

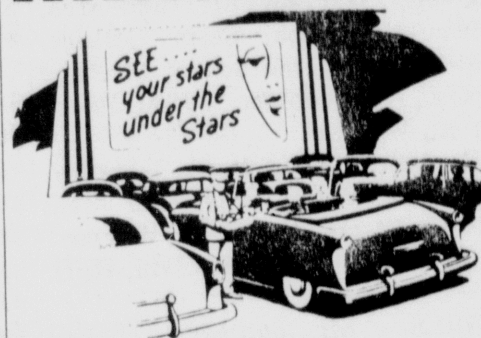

well Warner, of Route 1, Sugar Grove, he is a member of the First Battalion, Eighth Marine Regiment.

**OFFICERS CHOSEN.** At the organizational meeting of the Warren County Planning Commission Wednesday night the following officers were elected: James H. Kannen, chairman; Dr. Robert H. Israel, vice chairman; and David W. Swanson, secretary-treasurer. The monthly meeting date of the commission was set at 7:30 p.m. on the second Wednesday of each month.

**SCHOOL TALK.** Gail Wyman, a Warren high school senior, is in Mifflinburg, Pa., this week presiding as president in an executive committee workshop of the Pennsylvania Future Homemakers of America. At the meeting she will report on her trip to Kansas City, Mo., where she attended the National FHA Convention.

Janis Carlson, daughter of Mr. and Mrs. Hazen Carlson, 218 Oneida ave., Warren, has been named to the spring dean's list at Rochester Institute of Technology. A 1954 graduate of Warren high school, she is a third year student in RIT's Food Administration Dept.

Births

BOYS - A 1/c and Mrs. Norman Sorensen, Sherman, Texas, former Warren residents. The mother is the former Nancy Malone, daughter of Mr. and Mrs. Wallace Malone, 9 North st., and Airman Sorensen is the son of Mr. and Mrs. Andrew Sorensen, Cobham Park rd., Warren; Mr. and Mrs. Peter Gagliano, Jamestown. Mrs. Gagliano is the former Nancy Lindgren, daughter of Mrs. Fred Lindgren, Warren; Mr. and Mrs. Donald Hunter, 101 Biddle st., Warren.

Dr. and Mrs. Lawrence Krespan, 109 Alexander st., Warren; Mr. and Mrs. Frank Saporito, 51 Farm Lane, Warren; Mr. and Mrs. Richard Masterson, 14 S. Irvine st., Warren; Mr. and Mrs. Horace Keene, 37 Glade ave., Warren; Mr. and Mrs. Daniel Cole, 113 Jackson ave., North Warren; Mr. and Mrs. William Hansen, R. D. 2, Russell; Mr. and Mrs. Roy M. Lindell, R. D. 2, Russell; Mr. and Mrs. James Jordan, 113-1/2 Oak st., Warren; Mr. and Mrs. Robert Nicholson, State College. The father is the son of Mr. and Mrs. L. N. Nicholson, 204 McPherson st., Warren.

Mr. and Mrs. Jack Gregory, Chanders Valley; Mr. and Mrs. Gordon Ristau, R. D. 2, Warren; Mr. and Mrs. William Colvin, R. D. 1, Grand Valley.

GIRLS - Mr. and Mrs. Thayer B. Hoekstra, Kalamazoo, Mich. The mother is the former Jean Lundahl, daughter of Mr. and Mrs. Norman Lundahl, North Warren; Dr. and Mrs. Salomina McLeod, Warren; Mr. and Mrs. John Collins, 419 Water st., Warren; Mr. and Mrs. Hugh Barrett, 10 School st., North Warren; Mr. and Mrs. Stanley Crouse, Kinzua; Mr. and Mrs. George Mosorjak, 808 Penna. ave., W., Warren.

Mr. and Mrs. Harold Burke, R. D. 1, Tidioute. The mother is the former Joanne Burnside, daughter of Mr. and Mrs. Albert Burnside, Tidioute; Mr. and Mrs. Robert Torczynski, Chicago, Ill. The mother is the former Peggy Henderson, daughter of Mr. and Mrs. Cecil Henderson, 607 East st., Warren; Mr. and Mrs. Thomas Smith, 13 S. Carver st., Warren; Mr. and Mrs. Larry G. Haupin, 612 Conewango ave., Warren.

Deaths

MRS. SARA VAN SICKEL, 95 years of age, and mother of E. L. VanSickel, Corydon, died at the home of a daughter in Dayton, Ohio, on Monday, July 14. Services were held last Thursday at Rockwood, Somerset county.

ELMER CARL ANDERSON, 66, of 324 Park st., Warren, died at his home last Wednesday, July 16. Services in his memory were held Saturday at the Lutz-VerMilyea Funeral Home, followed by interment in Warren County Memorial Park at Starbrick.

A Symbol of Love Everlasting...

A beautiful monument endures forever, like the devotion and love that it symbolizes.

MESSERLY Monument Works See our display . . . now

ONE OF THE LARGEST groups in years turned out for the annual Huck Finn and Becky Thatcher Day held Wednesday by the Warren Field and Stream Club in cooperation with the Warren Playgrounds. The event was held at the Crescent play area.

In the contest the judges named Gretchen Nasman, 9, Huck Finn, and selected for the best Becky Thatcher role was Becky Potter, 7. Both were from Beaty playground.

CHARLES E. MCGUIRE, 84, of Sixth ave., Warren, died Wednesday, July 16, at Rouse Hospital in Youngsville. A committal service was held at the graveside in St. Joseph's cemetery, Warren, last Friday.

JOSEPH R. HAUMESSER, 72, of 410 Church st., Sheffield, died at his home Friday, July 18. Funeral services were held Monday in St. Anthony's church in Sheffield, followed by interment in St. Joseph's cemetery, Warren.

HOMER A. MANLEY, 80, of the Spring Creek area, died Friday, July 18, at his home shortly after he was found in his room with a gunshot wound through the mouth. Funeral services were conducted Monday at the Bracken Funeral Home in Corry, with cremation to follow.

JAMES R. COBER, 54, of Indiana, Pa., former manager of the Bell Telephone Company's commercial department in Warren, died suddenly Saturday, July 19, at the Eye and Ear Hospital in Pittsburgh, after suffering a heart attack earlier in the morning. Services were held in Indiana Tuesday, followed by interment in Oakland cemetery at Indiana.

CHARLES W. WHITEHILL, 68, of Little Cooley, Pa., and formerly of Warren, died in Oakland Veterans' Hospital in Pittsburgh Sunday, July 20. Among survivors are three sisters, Mrs. Mary Gruber, Lander; Mrs. Pearl Kabelin, Warren, and Mrs. Anna M. Davis, of Hemlock. Funeral services were held Wednesday at the Templeton Funeral Home, and burial took place in Oakland cemetery, Warren.

MRS. MARY ZOLKO, 70, of RD, Pittsfield, died at Warren General hospital Saturday, July 19. Funeral services were held Tuesday in St. Luke's church, Youngsville, followed by interment in St. Joseph's cemetery, Warren.

IRVIN J. TROXELL, 44, of Route 4, Sugar Grove, father of seven, was instantly killed in an auto accident Friday, July 18. Funeral services for Mr. Troxell were held Monday in Concordia Lutheran church, Jamestown, followed by interment in Busti cemetery.

MRS. MAE K. HUNTER, former

Warren resident, died Sunday, July 20, of a coronary thrombosis at her home, 215 Toylesome Lane, Southampton, N. Y. Funeral services and interment took place Wednesday in Southampton.

CHARLES J. ARNSON, 96, former resident of 115 Main ave., Warren, died Tuesday, July 22, at the Brennan-Root Nursing Home; Private funeral services will be held today (Thursday), and interment will take place in Oakland cemetery.

TO HOLD OPEN CHURCH

Open church will be observed at 7 o'clock the evening of Saturday, July 26, when Miss Betty Kirby, daughter of Mr. and Mrs. Orval Kirby, Russell, and Harold Morine, son of Mrs. Vera Morine, Warren, will be wed in Russell Methodist church.

**NO SOAP.** This crane of the Christopher Construction Co. found its load too big Tuesday morning when it attempted to lift this floating cover into a digester at the Sewage Plant on Warren's South Side.

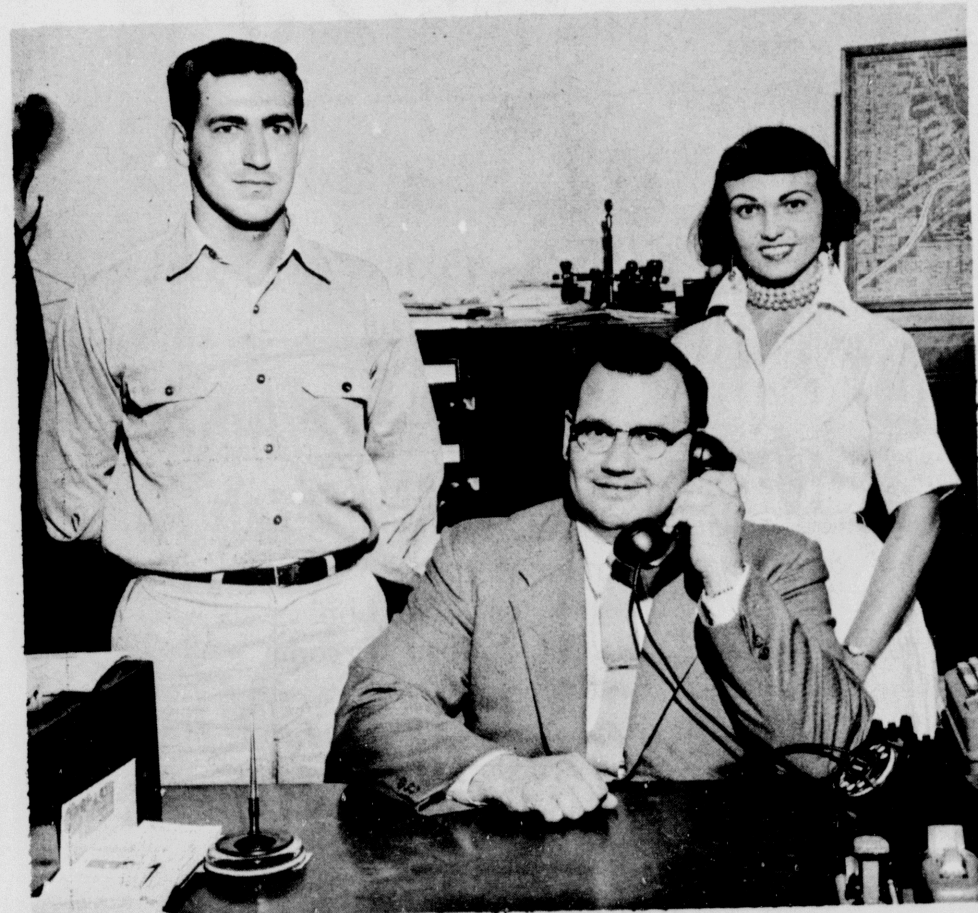

The cover, built by Hammond Iron Works, weighs 9 1/2 tons and is 45 feet in diameter.

**HELP COMES.** With the help of Ellberg, construction workers were able to move the floating cover into a second crane from Nelson and

place in the No. 1 digester tank. This particular tank holds 226,000 gallons of sludge and produces the gas which is later transferred into the second digester storage tank now being completed at the right.

At the left (corner of building just showing) are the primary tanks where the sludge goes through a separation process before being pumped to the digester tank.

**THE FIRST USE OF LOGAN** exchange was the call by Burgess Lewis L. Crippen from the Youngsville borough office. Burgess Crippen is flanked in this Stoke's photo by Don Sowa, Bell lineman, and Janet Waddell, supervisor - Warren

traffic department. The LOGAN exchange will cover the area formerly called Youngsville. The new service, requiring the dialing of "LO" before the five numbers of the desired party, became effective at 6 a. m., Wednesday.

APPROXIMATELY \$125,000 was spent by Bell Telephone Co. for a 20 ft. x 23 ft. building addition and the new equipment for the LOGAN exchange in Youngsville, according to Robert Anstadt, manager. The new system will relieve the crowded private line condition in the Youngsville area and is another step in County-wide dialing. When the Warren expansion is completed in June 1959 it will be possible for most of Warren County Bell customers to dial other Warren County numbers directly.

In this picture by Stoke, Robert Endress, plant wire chief, is explaining the main distributing cable frame to (l. to r.) Clinton Johnson, National Forge & Ordnance Co.; Donald Abraham, president of

## Warren Library Needs More Funds Immediately

The Warren library not only needs more funds if it is to expand and develop its service and build the subject collection it needs, but it also desperately requires additional income in order to maintain the status quo. These are the words of Librarian Georgia Spinney Coyle.

The circulation of books increased 12,148 last year, despite the competition of television, and as is true in all reading areas, non-fiction became increasingly popular, with the old favorites, mysteries, westerns, and light reading, falling off. A healthy change in national thinking

Pin-pointing the need for funds, Mrs. Coyle stated in her annual report:

"Each year, when small increases have been added to the library income, we have given token salary raises. This was true this year. Such increases merely maintain a status quo, they are an acknowledgment that the cost of living has increased. Based upon cost of living indices salaries at this library are no higher, and in some cases are lower, than they were 15 years ago.

"One look at the expenditures on your statistical report will show you how inadequate our budget is. There are three major areas where our money should be spent.

"First, salaries, to maintain and improve our staff, to employ fully-qualified professional people.

"Secondly, to build up the book collection. Many old and obsolete titles are now being discarded from the collection. It indicates that there are many gaps in the strength of the book collection. Additional funds are needed to bring the collection up to a minimum standard.

"Lastly, the interior of the building needs many improvements, a new lighting system throughout the building, and redecoration is also called for. With the present budget, there is not enough money available to do any one of these things.

"The Warren Area Joint School Board increased their allotment by \$2,000. About one-half went into salary increases and a small amount for book purchases, the rest absorbed by increased costs."

The report was given at the annual meeting of the Warren Library Association, Monday evening. Elected to the board of control were Mrs. W. Beyer Africa, William F. Clinger, Jr., Mrs. Paul H. Coe, R. Pierson Eaton, Elmer T. Lundahl, and Harold C. Putnam. Harris E. Johnson and W. Scott Calderwood were appointed by the Warren Area Joint School Board

Warren borough council has not announced its appointments.

The board then elected Mr. Calderwood president, Mr. Clinger was chosen vice president, Mr. Lundahl, treasurer, and Mrs. Coe, secretary. Mr. Lundahl presented a budget of \$36,410. Plans for redecoration and alterations were tabled until the council's appropriation was learned.

(The report listed the Warren borough appropriation as \$7,500. The Warren borough budget has listed it as \$9,000 for the past three years. Some one is confused.)

(It also is unfortunate that library representatives have refused the offer of more money from the borough in the past. Council not long ago was about to vote a full mill for the library but was told by the library representative that it was not needed. A full mill would be at least \$12,000.)

The circulation of books last year totaled 322,158. There also has been an increase in the use of other services, such as record borrowing and visits to the library for browsing and study.

The library now has 7,957 registered borrowers. This is an increase of 1,351 over last year, and is about 53-1/2 per cent of Warren's population.

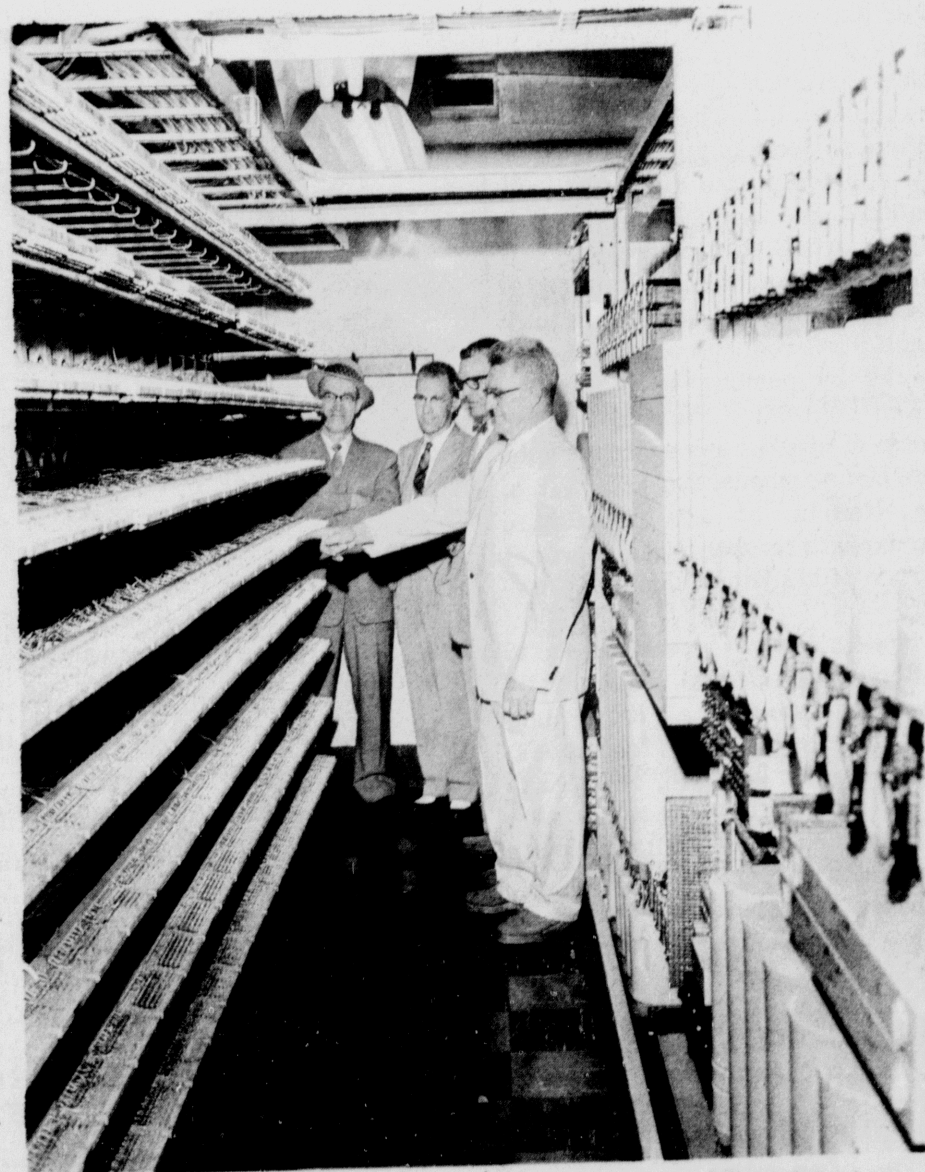

The gain in new books was not enough. Added were 2,601 books, but 1,711 were taken from the shelves because of wear or antiquity. The Warren library collection now numbers 81,961.

The adults read more biography than any other category. Literature was next. Then came applied science. Biography also topped the juvenile reading, with science second, and applied science next. The young people also read a large number of travel books.

The need for improved library service in the county area was revealed by the number of county schools already asking Warren for help. Twelve schools availed themselves of this service when teachers borrowed 720 books. The Russell elementary schools borrowed over 225.

Mrs. Coyle said that the state survey revealed that Pennsylvania libraries are below standard, and Warren actually looks good by comparison with many of them. Two counties have no library service of any kind, neither local or county.

She hastened to add that this does not mean that Warren has a collection and a service that is perfect, or adequate. The need for money here is desperate, she emphasized.

Youngsville school board; and Earl Duncan, National Forge & Ordnance Co. The picture was taken while Youngsville area officials were being given a "sneak preview" of the Bell changes.

## Congress Record Makes Ike Look Good

By Doris Fleenon

WASHINGTON -- In a remarkable reversal of their traditional roles, the 85th Congress is making a better than respectable record of governmental housekeeping for which the Eisenhower Administration will doubtless get the lion's share of the credit.

Congress has done this in spite of an indifferent President, an arrogant and parochial White House staff and a Cabinet whose Congressional contacts are coolly formal when they are not absent entirely. Not even the dinner napkin appeal nor great personal warmth -- those tried and true greasers of the political machinery -- have been present.

The average member of the House and Senate rarely sees the President and gets no attention whatever from the headline personalities of the Administration, who prefer to entertain each other. It is harder for a politician to see Sherman Adams or his assistant, General Wilton Persons, than it used to be for one to see Presidents Roosevelt or Truman.

Nonetheless Congress has been practicing its art to considerable effect. It is true that it has proceeded with rare exceptions along well-trodden ways to which the President has also given lip service. This is perhaps the reason why its pace-setting role has had so little general notice.

It is true also that the technical efficiency of the Democratic leadership arouses mixed emotions in the party. Party managers and intellectuals simply do not believe it can flourish as a mere upholder of the status quo; they want it to lead in the country's social and economic expansion. They are stoutly backed by labor and minorities, which are indispensable to party triumph nationally, and by most Governors.

In both parties this is the era of the great drought so far as ideas are concerned. It does not alter the picture of Congress as an effective one within the limits it has set itself.

The President's debt to able individuals of the House and Senate is enormous. Last week end furnished two examples.

The Senate Armed Services Committee gave him a Pentagon reorganization bill he can live with, and got the Senate to approve it 80-0. It is a vote which puts heavy pressure on the House conferees, who must defend a bill the President doesn't like.

A Democrat, Senator Stuart Symington of Missouri, who frankly believes that our relative defense position is getting worse all the time, bucked members of his own party to push the new bill. Chairman Richard Russell of Georgia put it together by hand and committee members, both Democrat and Republican, cheered them on unselfishly.

Senator Mike Monroney of Oklahoma climaxed his long effort to do a public interest job of policing the airways by pushing to passage a civilian-controlled Federal aviation agency to control air space. It goes to the House where, ironically, Rep. Oren Harris of Adams-Goldfine fame expects to secure its approval by force of his knowledge and prestige.

A special laurel wreath is due to the Republican Senate leader, William F. Knowland, in all these matters. At least the Majority Leader, Senator Lyndon Johnson, and Speaker Rayburn get some press attention for their accomplishments and their names in the paper.

Senator Knowland has stayed on the job here though his own campaign for Governor of California, with all it means to his future, is bogging down. He has kept his promises to his Democratic opposite numbers and muffled his criticism of White House whose acts he disapproves often more severely than any Democrat. It is evidence of that character which makes it hard for informed observers to get mad at Knowland, whatever they may think of his views.

Sgt. Bilko (really Phil Silvers in the disguise of a secret agent) invades the home of Gen. Whitney (Howard St. John) and treats the general with complete contempt during the Phil Silvers Show Friday evening, July 25, at 9 o'clock. It's "The Colonel's Reunion" on WBEN-TV.

By Dr. Paul F. MacLeod\*

FM

Honey bees, bumble bees, hornets, wasps and yellow jackets all belong to the same family, and they all sting. The female, with the exception of the wasp, leaves her stinger with the victim.

Remember:

1. Scrape out the stinger with a small knife blade. Don't pull it out. You may cause poisonous fluid to enter the flesh.
2. Use baking soda paste, Unguentine or calamine lotion to allay the pain.
3. If a finger or toe is stung, wrap a rubber band around it above the sting and leave it there until the stinger has been removed (but not more than five minutes) to keep the poison from going farther.
4. Call a doctor if the victim is stung several times. A wasp

or hornet can sting repeatedly.

5. Use ice packs or cold applications to help reduce the swelling and prevent absorption of toxin that may cause a severe reaction.

Caution: Anyone who has experienced severe reactions to a bee sting should consult a doctor. To avoid serious consequences if stung again, he should be desensitized or should have ephedrine or adrenaline immediately available.

**LIFE  
OF THE PARTY**

2:33 a.m.

**DEATH  
AT THE WHEEL**

The moment he arrives the party is assured of being a success. He's clever, witty, full of fun. No wonder people go out of their way to share his company.

But this is the same man whose driving habits could easily make death the uninvited guest. He doesn't see the danger of having "one for the road" before driving home. He thinks his reac-

tions are always quick enough to master a dangerous situation. He's the life of the party, but he's death at the wheel.

There are many people just like him . . . perhaps yourself. Don't let yourself become a "Dr. Jekyll and Mr. Hyde" of the highway. By always driving with care, consideration and caution, you may save your license AND your life.

### HOW MANY CAN YOU NAME?

Those whose knowledge of the birds is limited to sparrows, robins, and maybe a crow or a blackbird, usually stare at others who say they are acquainted with over one hundred species. Actually, this is not a large number.

Without knowing much about the many varieties, you can name almost a hundred. And if you happen to know the many sparrows and the warblers your numbers soar.

There is much chiding done about those who watch birds, but it is a pleasure that is educational and health-giving. You don't watch birds sitting on your back porch with bread crumbs in your hands. This might attract quite a span of them, ranging from song sparrows to blue jays, but the number is comparatively small.

Like collecting stamps, you soon lose interest in spotting only the sixty or seventy common varieties. You scout carefully for the less obvious ones, and are elated when you find a kind which seldom is seen in your area, or even though a native of your fields and woodlands is not often seen by most people, and recognized by only a very few.

An example might be a bird as large as the raven. Few ever see one. Many who do, pass it off as another crow. But those who know anything at all about birds are surprised, elated, and even a bit amazed when they spot one.

There are about 260 species of birds in this area, but we doubt if there is a single person who can name all of them on sight. If there be such a person we would enjoy having him or her write this column some week. They should have much to say.

According to records kept by ornithologists and those who make a hobby of studying and spotting birds, the most seen and identified by one person has been 201. This number was attained by Mrs. Blanche S. Bordner in 1957.

To name a bit over a hundred birds is not very difficult if you make a serious study of them. After that you must be able to break down the groups. And as the number climbs the actual spotting of the birds you know is not easy.

This is a sport that has no pleasure in it for those who simply want to jot down names of birds they have not seen. It is a real game of honor, and there is no satisfaction unless you actually find and see the birds you are seeking.

Obviously you may do some traveling and much walking. However, a good share of your time may be spent in quiet waiting in what you believe to be strategic points, and with extensive use of a good pair of binoculars.

Most of your birds will not be found in wild places. Like all living creatures they must eat, and the open farm country provides most of them with woodlots and brush for nesting, and open country for feed.

But after you have pegged most of

them in this type of country, the fun begins. There are birds which need protection from those who like their meat, and they of course either live in protective covering, or have a color scheme which blends into their background . . . and very often have both.

We often have proposed that this fun can be increased many fold by carrying a good camera, with a telephoto lens, and with related equipment. You then take home a record of your hunt, and your hunt must be more than a glimpse. It also is far more constructive than collecting eggs.

If you are really interested in starting on this venture, write to the Pennsylvania State University, Agricultural Experiment Station. Ask for Bulletin 632. It contains a complete report of the birds of Central Pennsylvania. It now is in the publisher's hands and can be ordered through your county farm agent's office.

It is surprising to us that with the growing interest in the outdoors that no local classes are held for those who might be interested in learning about the wildlife and the plants of the fields and forests. Even those who in the past knew many of the birds, trees, and plants, may have forgotten much and might welcome a refresher.

## Chautauqua Music Highlights

Rose bushes will grow in empty flower pots and other uncanny things will take place during "An Evening of Magic" tomorrow evening at 8:30 p.m. when Dr. Paul Fleming entertains his audience with mind-reading, Pseudo-Spiritualism, and Stage Illusions. Dr. Fleming, besides being a magician, is Professor of Economics at the University of Pennsylvania.

"Satellites and Space Ships" is the title of the illustrated lecture by Dr. David Dietz, internationally known as one of the foremost popularizers of science in the world. He is the science editor of the Scripps-Howard Newspapers in Cleveland, Ohio and on the editorial staff of the Cleveland Press. His address will be Thursday evening, July 31.

### WEEK OF JULY 25 - AUGUST 1

FRIDAY, July 25 -- 8:30 p. m., Opera, "Faust" by Gounod.  
8:30 p.m., "An Evening of Magic". Paul Fleming from Swarthmore, Pa.  
SATURDAY -- 8:30 p.m., Theatre, "The Glass Menagerie" by Tennessee Williams.

8:30 p.m., Concert, Symphony orchestra. Soloist, Henry Rauch, pianist.

SUNDAY -- 10:45 a.m., Worship service. The Rev. Orlo Choguill, D.D., Minister Tabernacle Presbyterian Church, Indianapolis, Indiana.

3 p.m., Concert, Symphony orchestra. Music of Beethoven, Stravinsky, Schubert.

MONDAY -- 8:30 p.m., Opera, "Faust" by Gounod.

8:30 p.m., Film-Lecture, "Beyond the Shining Mountains". The Lewis and Clark Trail. Hal Harrison, Tarentum, Pa.

TUESDAY -- 8:30 p.m., Concert, Symphony orchestra. Soloists, Eric Friedman, violinist, and Margaret Holden, pianist.

WEDNESDAY -- 8:30 p.m., Pop Concert, Symphony orchestra. "Pops at the Opera".

THURSDAY -- 7 p.m., The Puppet Theatre of Doris Goodrich Jones.

8:30 p.m., Theatre, "The Reluctant Debutante" by William Douglas Home.

8:30 p.m., Illustrated Lecture, "Satellites and Space Ships" by Dr. David Dietz, Science Editor, Scripps-Howard Newspapers, Cleveland, Ohio.

FRIDAY -- 8:30 p.m., Opera, "Samson and Delilah" by Saint-Saens.

8:30 p. m., Address, "Youth Marches - Have Faith in Youth". Dr. Daniel A. Poling, Editor of the Christian Herald.

(Stokes Studio Photo)

### MR. AND MRS. JOHN R. SHATTUCK

North Warren Presbyterian Church was the scene July 12 for the wedding of Miss Nancy Carolyn Blomquist, daughter of Mr. and Mrs. James A. Blomquist, North Warren, and John Robert Shattuck, the son of Mr. and Mrs. Fred W. Shattuck, 212 Madison ave., Warren.

The bride is a graduate of Warren high school in the Class of 1955, attended Allegheny College and graduated from Jamestown Business College. She is employed by Sylvania Electric. Mr. Shattuck also graduated from Warren high school and attended both Westminster College and Jamestown Business College. He is affiliated with Warren Components Division, El-Tronics Corp. They are residing at 817 Jackson ave., Warren.

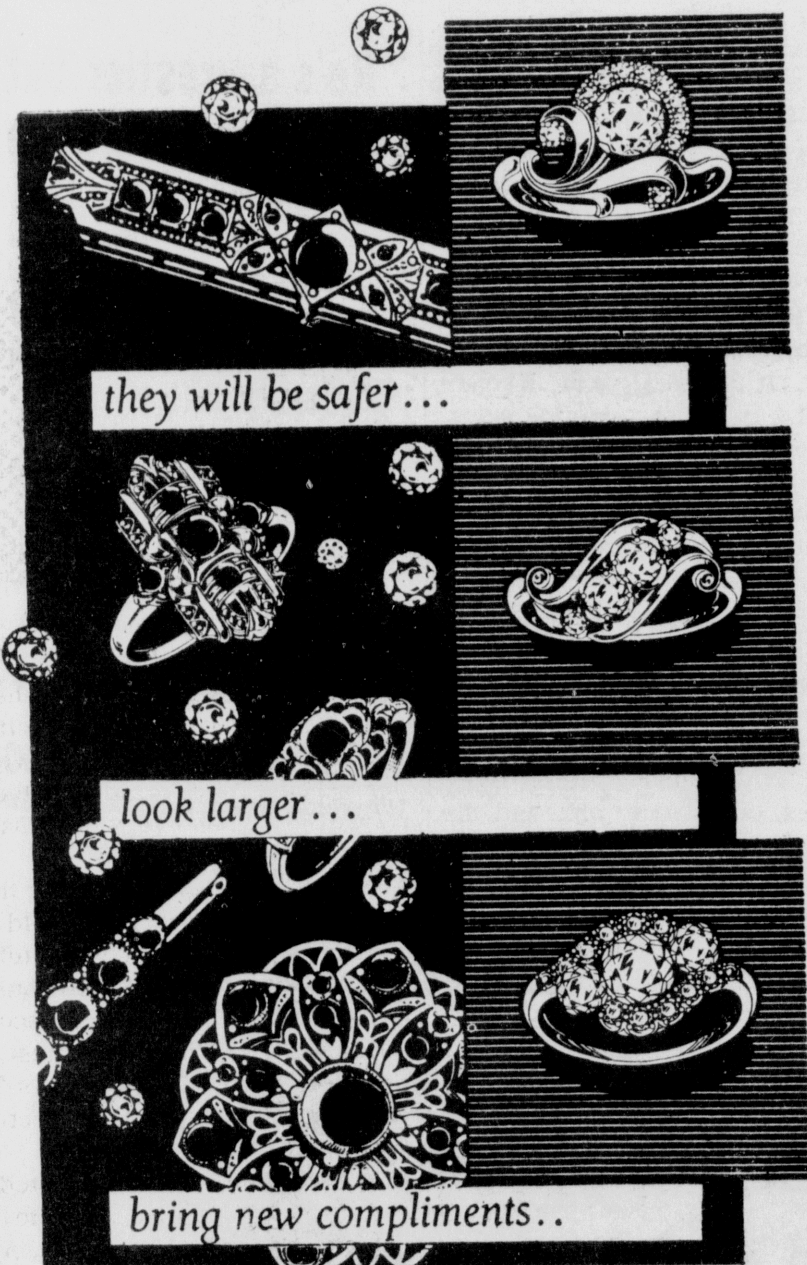

"Everyone at our house," says Mrs. Dorothy Farnham of Hemlock St. Ext., RD#1, Warren, "appreciates being able to take a nice hot bath whenever they like."

"That's probably the big reason why I'm so pleased with our electric water heater. Even though I've used hot water for laundry, dishes or cleaning, there's always plenty left. It's such a relief not to worry about hot water. And my husband thinks it's wonderful that we can have the convenience of an electric water heater at such low cost!"

Adv.

## Remount Your Old Diamonds

Give your diamonds a new life of usefulness and elegance. Bring them in and let us help you choose a new mounting that will be both secure and fashionable. Special designs and estimates furnished without obligation.

**TE LA DI O**

**TO CANCEL PROGRAMS FOR U.N. AND MID-EAST REPORTS**

Regularly scheduled programs will be preempted by the networks in order to bring news bulletins, on-the-spot telecasts and all available programs relating to U. N. negotiations and reports of the Middle East crisis.

The major event on television last week was the Middle East situation and networks gave better coverage than in previous crises such as the Suez flare-up. Schedules were juggled or canceled in many cases. Substantial economic losses were felt by NBC and CBS because of cancellation of commercial programs and the networks are to be commended for their response to public service responsibility. It may be noted in passing that NBC's new president, Robert Kintner, is a former newspaper man and CBS's new head man, Louis G. Cowan, is a confirmed believer in television as a medium of information and education.

The ABC network is given credit for being the first on the United Nations scene when the crisis broke.

The importance of radio in time of emergency should not be overlooked. In the event of war, for instance, TV outlets would be forced to close down as enemy planes could follow the electronic beam to big city targets. Radio would then be the only source of immediate news coverage for the nation.

\*\*\*

**MORE CHANGES NOTED FOR FALL TV**

YOUR HIT PARADE will return to the air via CBS on Friday, October 3 at 7:30 p. m. As important as the change in networks is the announcement that Dorothy Collins is to return. Miss Collins was on the show for seven years but left it over a year ago when the entire cast was changed. The show is undergoing its biggest revision since it went on radio in 1935. There will be a new music director, choreographer and production staff. Instead of four there will be just two featured singers, Miss Collins and Johnny Desmond, with possibly one

guest singer each week. Miss Collins herself has changed, according to critics, who have detected a certain sophistication in her recent guest star appearances.

JIMMY DEAN will have a new music show on CBS-TV starting September 15. It will be scheduled Mondays through Fridays at 2 to 2:30 p. m.

SUNRISE SEMESTER, produced by New York University and telecast by WCBS-TV in New York, will offer four courses for college credit beginning September 29. The courses are classical civilization, mathematics, literature and government. The program met with great success last season and NYU is reported to be trying to promote a 4-year college credit program on commercial television for network distribution on free-time basis. This would eliminate the building of costly educational-TV stations and the money could be used purely for production purposes.

DONNA REED SHOW has been scheduled by ABC-TV to start September 24, a weekly Wednesday night program from 9-9:30.

LOWELL THOMAS and his roving film crew are in Alaska filming this fall's first episode of "High Adventure With Lowell Thomas" which will again be a CBS "special" series.

BRAINS and BRAWN will be televised Saturdays, 10:30-11 p. m., on a weekly basis by NBC-TV, starting September 6. This is supposedly the first live show imported from Europe and is one of France's top rated programs. The show is a competitive match testing the intellect and the physical abilities of the members of two teams, one composed of the "Brains" and the other "Brawn".

MR. PETE GUNN starts Monday, September 22, 9-9:30 p. m. on NBC-TV, replacing "Twenty-One".

\*\*\*

**SPECIAL EVENT**

The U. S. Lawn Tennis Association National Tennis Championships will be televised by NBC-TV on Sunday, September 7, 2 to 5 p. m.

**FM CAR RADIOS AVAILABLE**

If your AM car radio has annoyed you with "drop-out" and noise when passing a neon sign or high tension wire, you'll be happier with a new FM car radio now on the market. "FM In The Car", an article appearing recently in the magazine "Electronic Industries" reports on quality, reception, installation and approximate cost of FM car radios. With more and better FM programming, the public has been demanding quality low-cost FM car radios. Three concerns now have FM car radios on the market in this country. Standard AM radios installed in new cars cost from \$100 to \$140, higher with special features. A new combined FM-AM car radio is priced at \$150. Installation kits, including speakers, are necessary for all cars and cost around \$20, with aerials an additional \$6 to \$11.

\*\*\*

**DIAL SPINNERS**

UB MEDICAL ROUND TABLE at 7 p. m. Saturday on WBEN-TV will feature a panel of physicians discussing "Intestinal Upsets".

MEET THE PRESS at 6-6:30 p. m. Sunday on NBC-TV will have a panel of news commentators and columnists interviewing Kwame Nkrumah, prime minister of Ghana, newest independent African state.

THE LAST WORD, a Sunday 5 p. m. program on some CBS-TV channels, will have Mary Margaret McBride, author and commentator, and Alfred de Liagre, Jr., Broadway producer, as guests. This is "the" program devoted to the proper usage of the English language. Don't be scared away . . . it is always humorous and fast moving.

PLAYHOUSE 90, Thursday, July 31, will present "Right Hand Man", starring Dana Andrews, Leslie Nielsen, Stuart Erwin and Anne Baxter.

SORRY your Dial Spinners are so meager. But by this time you know that most of the regular evening programs are "repeats". If you're lucky, you might catch one you missed earlier in the season. If you spent the past months glued to your TV set, this is a good time to catch up on your reading or sleep. If you are still awake at 11:30 p. m. try the Jack Paar Show for live refreshment.

## ASIDES

### AND NOW ARTHRITIS

The painful agonies of those with arthritis and rheumatism, and related troubles, will be the next target of the National Foundation for Infantile Paralysis, now that polio is on the run. Work will continue in the fight against polio, but the powerful resources of the nation's largest voluntary health foundation are turning their assault on other crippling diseases.

When the tissues that serve the joints become inflamed we call it arthritis. When the tissues affected are those that hold the muscles together it is named rheumatism, bursitis, neuralgia, or neuritis. Whichever it is, those who are so afflicted suffer great pain.

Currently several drugs are coming out that may not cure, but certainly will offer relief. One of these is Decadron, which is a hormone drug. Hormone drugs in the past have offered many side effects which have made them unpopular. The new ones it is believed may avoid these troubles. The makers of Decadron expect to have it ready for public sale in a year, if further tests prove as successful as those of the past six months.

The polio group will offer patient aid only to arthritis sufferers

through 18 years of age and to children with malformations of the central nervous system. This will reach about sixteen thousand arthritis patients and about eight thousand born with nervous defects.

At the same time research will be expanded without the former restriction of being confined to one disease. Patient aid will be limited by this freedom to follow research clues wherever they lead.

\*\*\*

### NEW IDEAS

Those among us who dedicate much of their time to the community's problem of providing facilities and programs for leisure hour activities should be interested in the fortieth National Recreation Congress which will be held in Atlantic City, Monday, September 22, through Saturday, September 27. Many of the subjects come closer to home.

The Congress will deal with the latest trends, new ideas, tested methods, and up-to-date information on a variety of recreational subjects, ranging from swimming pools through golf courses, to resources for the handicapped.

Special tours are planned, including one to Union County which is one of the outstanding county recreation areas in the nation. There also will be a tour through New York City.

Of great interest to Warren right now should be the Thursday morning program, September 25, when the discussion will center around "New Ideas in Swimming Pool Design."

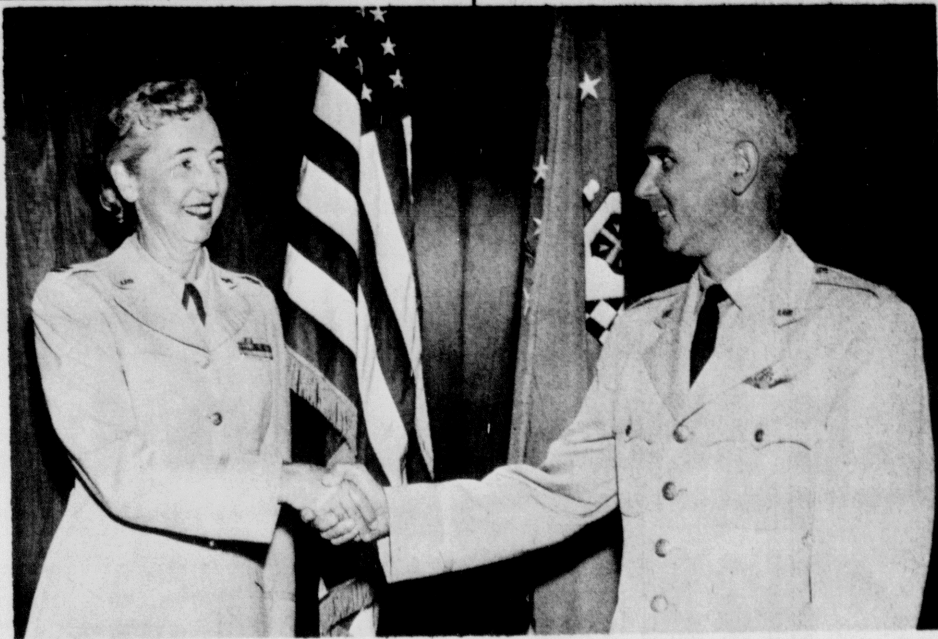

Tuesday afternoon they will discuss the operation of public golf courses. A cross-section of other subjects includes:

"Recreation as Preventive Medicine"... "Creative Recreation for Teen-Agers"... "The Pennsylvania Study"... "Recreation, A Therapeutic Tool"... "Report on Recreation Research"... "Trends in Camps and Camping"... "Successful Community Choruses and Orchestras"... "New Ideas for Playground Equipment"... "Trends in County Recreation Departments"... "Industrial Recreation"... "What Makes Good Playgrounds"... and many, many others.

\*\*\*

### FM IN CARS

With car radios playing a major roll in the life of radio stations the announcement that FM sets now are available for cars should mean much to the industry. It also should do something to the motorist who enjoys static-free reception and

foresees the day of stereo sound on such sets.

Tests have proved the set will remain at the same level despite bridges, tall buildings, power lines, and other potential influences. There is no "drop-out" and neon signs have no effect. And each station setting is about the same on the volume control.

Tested near Buffalo the FM radio brought in a good signal fifty miles from town. Two American firms are making the sets and one in Germany. The German import will cost you about \$180.

\*\*\*

### WE NEED A LAW

Next year's state legislature will be asked to pass a law which will enable us to borrow money from the federal government to extend our social security benefits. On the basis of our current records we will be eligible for \$113 million if we need it. The balance now in the fund is \$207 million. In the past twelve months we have paid out \$312 million.

\*\*\*

### TAX REFUND

Farmers who use gasoline for agricultural use can have their state tax refunded by making out the proper forms. Forty thousand checks have been mailed, totaling \$3 1/2 million.

\*\*\*

### RUSSIANS MAY INVADE

By the time this reaches your hands some intelligence leaks suggest that the Russians may send paratroops into Syria. This will not be for the purpose of starting a war but to establish that nation in a stronger bargaining position. They will say they are doing it in answer to an appeal from Syria. Some believe this will lead to a peaceful settlement that may include even larger issues.

However, unless that incident which can touch off a war occurs, few authorities believe that the Soviets want one. Most agree that the shoutings and the rantings are symptomatic of efforts to avoid a conflict through threats and intimidations.

**ADC COMMENDATION.** Capt. Ruby Strickland Sharples, personnel service director at Wright-Patterson Air Force Base in Ohio, has been awarded the ADC Commendation for the variety show she planned and produced to entertain approximately 2200 persons in the various units of the 58th Air Division.

The captain, formerly of Warren and a sister of Mrs. Marie B. Mackay, 113 Market st., is seen receiving congratulations from Lt. Col. Frederick E. Miles on the show, "The Twilighters".

Capt. Sharples was in charge of her first variety show during World War II and received the Army commendation medal. Later at Okinawa she organized a series of shows, one of which was chosen to tour Japan and Korea. She has been stationed with the 58th division since her return to this country.

## The ALL NEW KITCHEN-AID

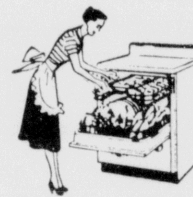

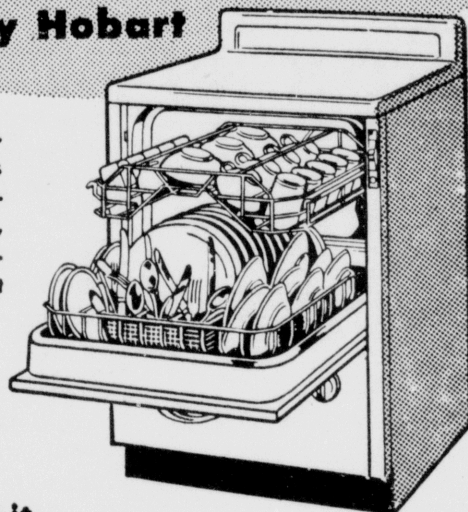

### Automatic Dishwasher

Take a Lesson in Leisure Living -- Check These Features

**The Last Word  
in Home Dishwashers**  
**KitchenAid**  
THE FINEST MADE  
**built by Hobart**

Yes, the KitchenAid automatic dishwasher provides all the "most wanted" features . . . the time-saving, work-saving, performance-making features you want in your kitchen!

#### Load it

Front-opening door, front-loading racks make loading and unloading easy. Simply place tableware in the two independently sliding racks; glassware, cups, bowls on top rack, flatware on the bottom rack—pots and pans, too.

#### Latch it

Close and latch the door, press the switch, that's all there is to it! Powered washing gently yet thoroughly washes everything; two separate, powered hot water rinses clean completely; circulated hot air dries tableware sparkling clean, so efficiently that no "tear drops" are left on glassware!

#### Leave it

Once you press the switch, you can leave and forget your dishes. Open the door and remove the clean dishes when you return, or simply let them stand until ready for use. You'll have plenty of time for the many other things you want to do.

Remember, in KitchenAid, you benefit by the experience which Hobart has gained during the many years of making dishwashers for the world's finest hotels and restaurants. It's only natural that KitchenAid, the Hobart Home Dishwasher, is the "last word" . . . and our demonstration will prove it!

PUBLIC EVENTS

**WARREN'S GREEN WILLOW DANCERS** . . . a recently organized ballet troupe directed by Dick Rapp, by invitation will appear in the Chautauqua amphitheater at 8:30 o'clock Monday evening, July 28.

The dancers will present an original ballet written by Mr. Rapp, "Mademoiselle Nanette". Miss Marilyn Haer will provide the accompaniment.

The show at Chautauqua will precede a lecture.

GENERAL

**THRILLS! SPILLS!** . . . at the Rodeo in Gerry, N. Y., six miles north of Jamestown on Route 60. The Gerry Fire Dept. presents the fourteenth annual Gerry Rodeo July 27 through August 2, seven nights at 8:30 p. m., matinee Saturday, August 2, at 2:30 p. m. General admission, \$1.40; children, 12 years and under, 60 cents. Reserved seats, \$1.90, children, \$1.30.

Bring the Family--Special Tuesday night, July 29, children, 12 years of age and under, general admission 30 cents.

Western Bar-B-Q will be featured, and full course dinners will be available each evening at 5 o'clock, and 1 p. m. on Saturday and Sunday. There will be plenty of good Bar-B-Q Beef.

Y.W.C.A. SCHEDULE

July 27 - 9:30 a. m., Lutheran Sunday School.

July 28 - 12:00, Lions Board of Directors lunch; 12:10, Rotary.

July 29 - 12:15, Lions.

July 30 - 12:15, Kiwanis

A reminder - The office is closed on Saturdays during July and August, however, the residence is always open.

BOY SCOUT CALENDAR

August 2 - Camp closes.

August 4 - Start of Philmont trip. The group will leave Warren at 8 a. m., and arrive in Philmont at noon, August 6. The return trip will be made on August 18, with arrival in Warren the 20th.

**A BEGINNERS' SWIM CLASS** . . . will start at 7 o'clock tonight (Thursday) at Chapman Dam State Park under the auspices of the local Red Cross Chapter.

Paul Steinkamp, Red Cross instructor, has announced that classes, open to both boys and girls, will be divided in age groups 7-9, 9-11, 11-13, 13 and up.

Classes will be held each Thursday for five weeks, at no charge. Assisting Mr. Steinkamp are Barbara Timm, Craig Forsgren, and Charles Anderson, all graduates of National Red Cross Aquatic

School, and swimming aides Marie Oriole, Marge Rader, Lois Henry, and Donald Hendrickson.

**A BAKE SALE** . . . sponsored by the Altar and Rosary Society of St. Luke's church in Youngsville, will be held in the church basement this Sunday, July 27, following the 8 and 10 o'clock Masses.

**ANOTHER SESSION OF ART CLASSES** . . . will be given by Joseph Plavcan of Erie on Saturday, August 2, at 1:30 p. m. The class will meet on the grounds of the Barley Home in North Warren. Newcomers may paint in any medium they choose. Bring your own materials.

BLOODMOBILE CALENDAR

August 26 - Warren State Hospital.

September 10 - Sheffield.

October 1 - Sylvania, Warren.

October 8 - Youngsville.

November 5 - Chapter Headquarters, Warren.

December - Chapter Headquarters, Warren.

Drop-ins are welcome at any of the above locations.

**A FAMILY PICNIC** . . . will be held by the Pennsylvania Psychiatric Technicians of the Warren State Hospital on Saturday, August 2. The group will meet at Wildcat Park, Ludlow, with the picnic starting at 1 p. m. and lasting into the evening. The day's activities will include swimming, softball, tennis, and just plain relaxing in the sun.

**MISSING ALUMNI** . . . of the Warren high school class of 1952 are sought by the committee for a reunion to be held at Allegany State Park at Red House, N. Y., on August 16. Anyone having information concerning the whereabouts of John Mowell, Bernice Connor, and Larry Currie will please call Sandra Vavala, 207 W. Fifth ave., Warren, phone 4212.

**THE DIAMOND GRANGE** of Tiona . . . are sponsoring an ice cream social tonight (Thursday) on the lawn of Mrs. Ida Banchard's home, Tiona, next to the Grange Hall, with the public invited. Serving will be from 5 to 9 p. m., by the youth of the Grange. Mrs. Laura Park is youth chairman. In case of rain, it will be held in the Grange Hall.

Members are reminded of the Corn Muffin Baking Contest to be held in Tiona on August 5. The winner will compete at Pomona Grange in Corydon on August 7, and the Pomona winner will enter the state contest to be held in Clearfield sometime in October.

Mr. L. P. Clements is Master of the Tiona Diamond Grange.

FOR THE LADIES

**DISTRICT GOVERNOR OF ZONTA**, Mrs. Marguerite Thayer, . . . will be in Warren this week for her first official visit to the local club. She will be present at the regular dinner-meeting of the Warren Zonta Club tonight (Thursday) at 6:30 in the Blue & White Restaurant. Mrs. Thayer, who with her husband heads a business

MR. AND MRS. PAUL E. DONICK

Married July 12 in St. Michael's Church of Sheffield were Carole Ann Douglas, daughter of Mr. and

Mrs. Cleon Douglas, Alexandria, Va., and Paul E. Donick, son of the late Mr. and Mrs. Michael J. Donick, Sheffield.

The new bride graduated from Warren high school and the groom, from Sheffield high school. Both are employed in the plastics plant office of Sylvania Electric.

The couple were to return from a Canadian honeymoon trip Tuesday. Their new residence is at 106 Pennsylvania ave., W., Warren.

FOR THE MEN

K. OF C. TOPICS

August 14 - Regular council meeting in the club rooms, 8:30 p. m. Members will note that there is only one meeting scheduled for the month of August.

August 17 - Family picnic, Musante's camp near Chapman Dam, starting at 10 a. m. Coffee, cream and sugar will be furnished. Swimming may be enjoyed at nearby Chapman Dam, and there will be prizes awarded to the children for various games. Reservations can be made by calling the council rooms, 9816, or Angelo Juliano, 3300-M.

August 24 - Stag picnic, Blomquist Park, featuring chicken bar-b-que with all the trimmings. Members will gather about 10 a. m. Reservations are to be made by calling the K. of C. club, 9816, or Benny Scalise, 2117-R.

**WARREN COUNTY CENTRAL LABOR COUNCIL** . . . will meet in a special July meeting next Tuesday, the 29th, at 7:30 p. m. in the American Legion Home. Simon Huckabone will report on the week-long Institute he attended at Unity House in the Poconos. This annual event is sponsored by the Pennsylvania Federation of Labor AFL-CIO and the Pennsylvania State University.

A report will be rendered on the progress made at the meeting of the public swimming pool committee, and the building committee will give facts and figures on the proposed Temple.

Bridge Play

## Sports Dial . . .

**BOXING** - Top-ranked heavyweight challenger Zora Folley, of Chandler, Ariz., battles former Olympic and amateur champion Pere Rademacher, of Columbus, Ga., in a 10-round bout at Olympic Auditorium in Los Angeles at 10 p. m., Friday, July 25. Cavalcade of Sports will cover the event on NBC-TV and Radio. Rademacher's only professional fight resulted in a knockout by heavyweight Floyd Patterson in the sixth round of a title bout in 1957.

**BASEBALL** - CBS Saturday Game of the Week pits the Boston Red Sox vs. the Chicago White Sox at Comiskey Park, Chicago, Ill. Telecast time: 2:25 p. m.  
 NBC Major League Baseball Saturday afternoon at 2:30 will find the Chicago Cubs visiting the Milwaukee Braves home park at County Stadium.

CBS Sunday Game of the Week, seen on WFBG-TV and WSEE-TV, will be telecast at 1:15. New York Yankees will be pitted against the Cleveland Indians at the latter's home park.

**SOCCER** - National League Soccer matches, seen at 3 p. m. Sunday on WBEN-TV, will feature Ukraine vs. Montreal Cantalia.

**RACING** - The 21st running of the Delaware Handicap will be seen on WBEN-TV and WSEE-TV at 4:30 p. m. Saturday if the baseball game is ended in time. Three-year olds are eligible for the mile and one-quarter course, for a purse of \$110,000-added.

The 24th running of the \$50,000-added Sapling Stakes will be covered by NBC-TV and Radio in the "Racing From Monmouth" series Saturday at 5 p. m. WICU-TV has scheduled the event.

NIAGARA MEMORIAL "MILITARES". The Niagara Memorial Militares, a corps formed in 1949 as a living memorial to the men and women who lost their lives from the Niagara District in the two great Wars, will appear in Warren August 16 for the "Spectacle of Music". This is considered the Militares' first year as a full-pledged field corps, but despite this they are

top contenders for the Canadian Championship title in competition at Galt, Ontario, on September 13. The group recently appeared in field competition in Falconer, N. Y.

The "Spectacle of Music" will feature Class A corps and is being sponsored by the local American Legion "Cornplanters" Drum and Bugle Corps.

The Warren corps did well for itself last week end, placing second in North East Saturday night and first in competition at Stockton, N. Y., on Sunday.

This Sunday at one o'clock the Cornplanters will enter the standstill competition at the MooseHome above Midway on Chautauqua Lake.

A STOP AT BEATY PLAYGROUND provided photos of the varied activities that go on at the play area.

Caught playing checkers are Ricky Anderson (l.), who is visiting here from New Orleans, and Edwin Daley, of Pittsburgh, also a vacationer. Looking on are Robert Whisner (l.) and Steven Rickerson.

A HAPPY TIME on the merry-go-round.

IT WAS A LITTLE COOL and Terry Channing, age 8, was the lone one to don a swim suit and brave the spray.

YOUNG LADIES ENJOY JACKS. They are Patsy Larson and Jeanne Baker (foreground); Diane Meyers and Linda Hainer (background).

WAAH! "I want to ride too", cries two-year-old Ann Mahan, of North Warren. She is the daughter of Mr. and Mrs. Emory Mahan.

### Playground Events . . .

Plenty of special events are planned for the youngsters who attend Warren playgrounds next week.

On Tuesday it will be old clothes and dress-up day; a junior olympic track meet is slated for Wednesday; Thursday it will be a pantomime contest; and balloon contests on Friday.

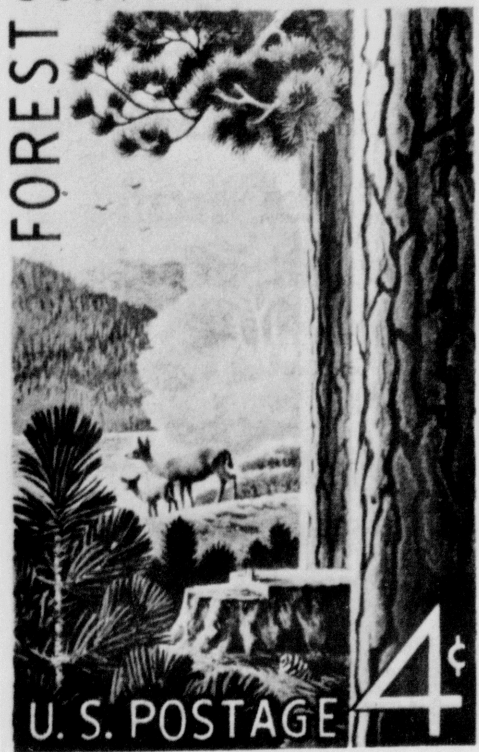

THE SLIDE WAS FAST at Beaty so Richard Gnagey, 8, used brakes to slow down a bit.

LITTLE CHAMP of the tether ball -- six-year-old Bill Bowler.

# CONSERVATION

THE 4-CENT FOREST CONSERVATION commemorative stamp, which goes on First-day sale on October 27, 1958, at Tucson, Arizona, at the Annual Meeting of the American Forestry Association, will be printed in three colors on the Giori press in yellow, brown, and green. The stamp, 0.84 by 1.44 inches, arranged vertically, features the major aspects of forest conservation.

This first forest conservation stamp in history commemorates the 100th anniversary of the birth of Theodore Roosevelt, one of the earliest forest conservationists in the country. It also salutes the many private and public agencies which have played a large part in the progress made in the protection and wise use of the Nation's natural resources.

Collectors desiring first day cancellations may send addressed envelopes to the Postmaster, Tucson, Arizona, together with money order remittance to cover the cost of the stamps to be affixed.

## Tips on Touring

By Carol Lane  
Women's Travel Authority

### None For The Road

Lots of people enjoy a tall, cool one with friends on a summer evening. But, if you're driving, think twice.

According to the National Safety Council, even two cocktails are dangerous if you drive within three hours after drinking them. The Council claims that the

average person needs "at least three hours to eliminate the alcohol in two cocktails."

Studies show that two cocktails may reduce vision as much as wearing dark glasses at night. Furthermore, coffee does not offset the effect; time alone can eliminate alcohol from the blood stream. And alcohol—even in small quantities—impairs the critical judgment needed for safe driving.

The National Safety Council also reports that social drinkers are a greater menace than commonly believed. They greatly outnumber the obviously intoxicated driver. The drinking—but not necessarily drunk—driver is a big factor in traffic tolls.

Says the Council, "An analysis of highway fatalities during both summer and winter holidays showed that about half of the drivers involved in fatal accidents had been drinking. And speed was a factor in more than 7 out of 10 fatal holiday traffic accidents."

Make this summer a happy, safe time—for yourself, your family, and fellow motorists. Have fun, sure, but watch yourself. If you drive, don't drink; if you drink, don't drive.

## HOT STOVE LEAGUE

**BANTAM LEAGUE, EASTERN DIVISION** -- Warren County Dairy whipped Emblem Oil, 19 to 5, with Stimmell on the mound. Stimmell poked a grand slam homerun for the winners and Hill, Rogers and R. Clark doubled.

In other games, Werner Builders downed Norris Optical, 9 to 1, and Warren Bank and Trust clubbed St. Paul's Lutheran, 11 to 6.

**BANTAM LEAGUE, WESTERN DIVISION** -- Youngsville Cabinet Shop bumped Youngsville National Bank, 7 to 4. Cabinet Shop hurler Mason homered twice and Soback hit one round tripper for the winners.

Thomas Coupling outgunned Nelson and Ellberg, 14 to 4. Rieder and Hultman was the winning battery. Rieder and D. Erickson tripled and Zerbe, Erickson and Rock doubled to collect 5 of the 12 Thomas Coupling hits.

Community Discount dumped Gaughn's Drug Store, 12 to 2, in another game.

**MIDGET LEAGUE, EASTERN DIVISION** -- Solar Electric edged Barnhart Davis, 4 to 3. Kurz and Peterson was the winning battery and Kurz tripled and Peterson doubled to lead the Solar attack.

Walker's Creamery nipped Certified Electric, 5 to 4. The winners executed one double play during the game. Tom Monroe was the winning pitcher.

Western Auto subdued Certified Electric, 8 to 1. G. Geer was the winning pitcher, and D. Rydholm homered for Western Auto.

Other scores show Warren National Bank, 3, Western Auto, 0; Warren National Bank, 4, Walker's, 1; Tiona, 14, Savoy, 2; and Tiona, 6, Certified Electric, 4.

**MIDGET LEAGUE, WESTERN DIVISION** -- Walters Hardware scored three times in the last inning to defeat Warren City Lines, 4 to 2. Hannold was the winning pitcher for the Youngsville team.

Akeley Merchants blanked previously unbeaten Struthers Wells, 2 to 0, to tie Struthers for first place. John Briggs pitched the win for Akeley.

Walter's Hardware bombed Printz, 14 to 3. Mulvey, the winning pitcher, homered and doubled and Steffan tripled for Walter's.

The Times-Mirror took two games from Hammond Iron by scores of 24 to 2 and 4 to 3.

**CADET LEAGUE** -- League leader Interlectric shutout Elks, 11 to 0, in a City league game. Unbeaten Kinzua won two games in the County race. They clipped General Concrete, 17 to 4, and bumped Crossett, 12 to 3.

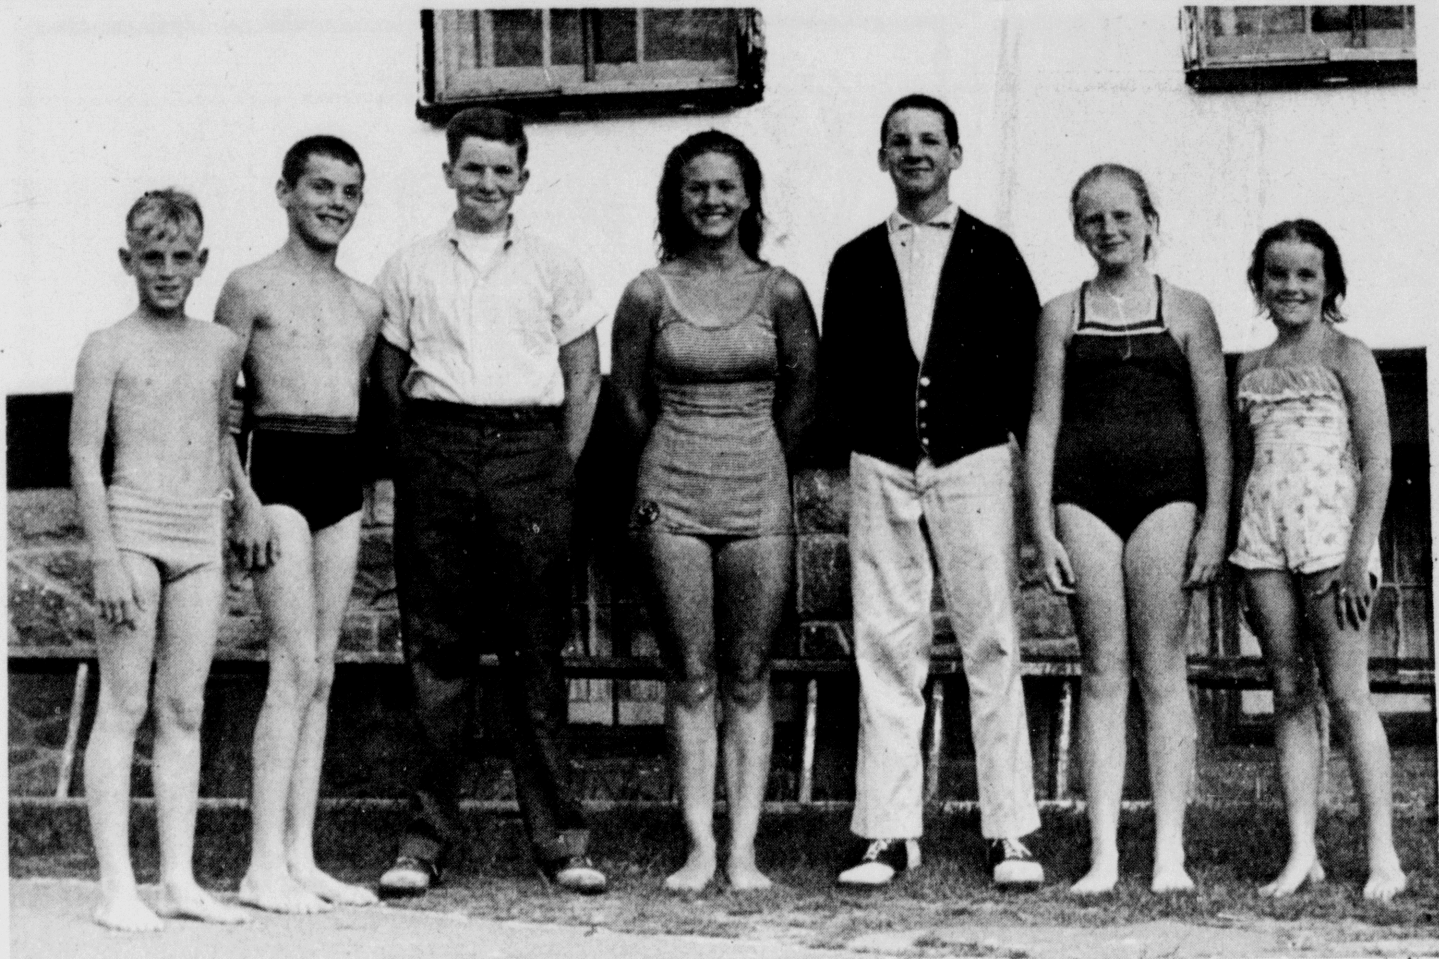

**INTERMEDIATE LEAGUE** -- Ron Seder struck out 14 batters as Warren Kiwanis downed Lions Club, 7 to 5. John Wooster caught for the winners. Barry Johnson and Pee-wee Vavala was the Lions battery. Bob Lord doubled and Dick Bevevino tripled for the Lions.

Russell Merchants scored three runs in the fifth inning to take the V.F.W., 4 to 1. Ludwick pitched the win for Russell.

Sylvania Electric shaded Loran-ger Plastic, 4 to 3, with Albaugh on the mound. Wilson hit two triples and Kremer tripled and doubled for Sylvania.

**JUNIOR LEAGUE** -- Betts white-washed Industrial Oil, 7 to 0, as Tassone and Creola tripled for the winners. Reynolds pitched for Betts and Judy Lobdell was the Oilers pitcher.

Youngsville Legion dumped Struther Hose, 8 to 2, by scoring 7 runs in the third frame. McMeans was the winning pitcher.

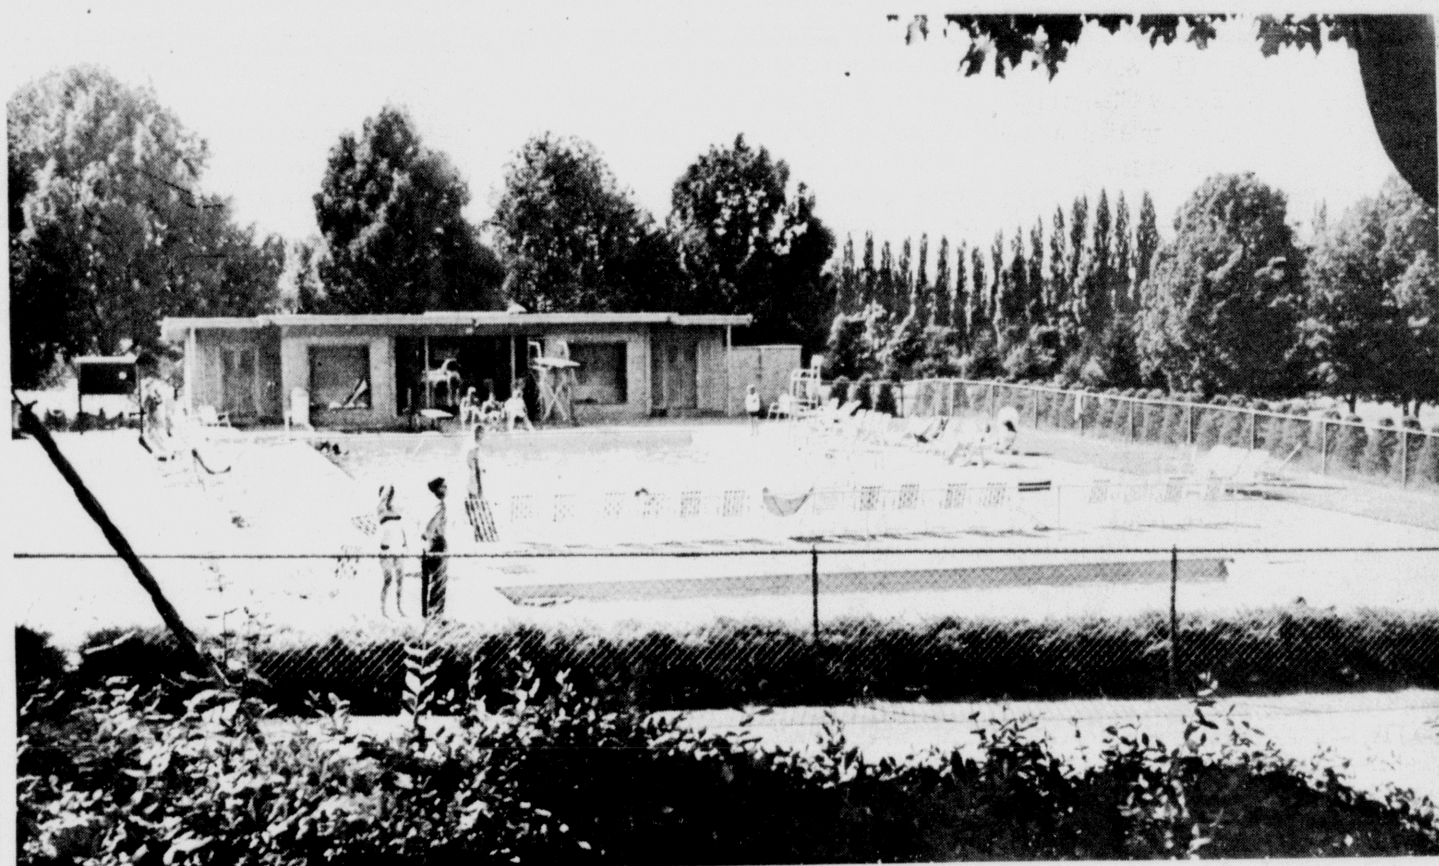

**CVCC SWIM TEAM.** This is the Conewango Valley Country Club swim team which will compete in the Pennsylvania Country Club Swimming and Diving champion-

ships, and the Great Lakes Swimming Meet in Erie sometime in August.

Members are (l. to r.) Jerry Lauffenburger, Chip Young, Jim

Frantz, Lee Ritchie, Fred Martin, Lane Donovan, Liz Webster.

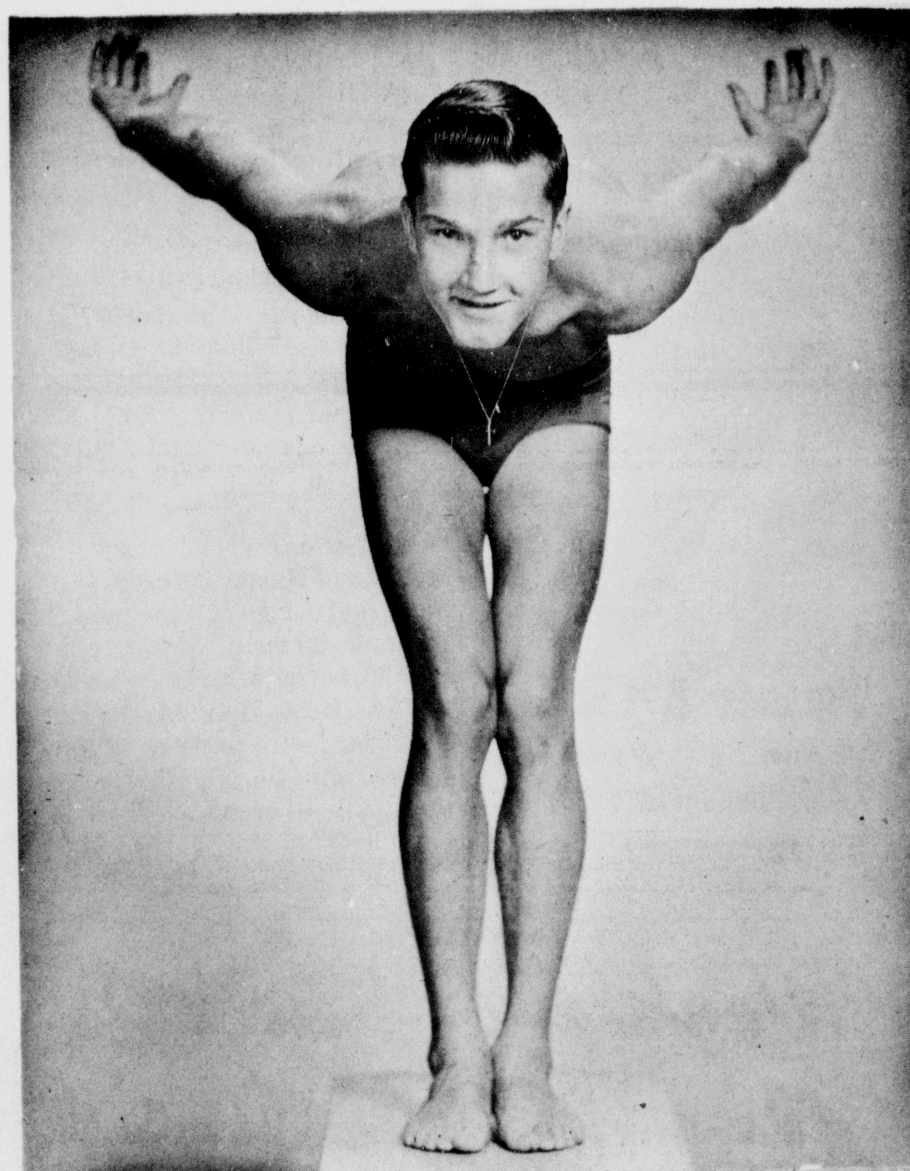

Pat Madden, club swimming instructor, is the coach.

**FAMILY ARRANGEMENT.** The entire family can enjoy this swimming pool. Just a bit off the near end is a wading pool which allows the younger members to safely splash about while their elders dunk in the swimming area. In abbreviated form it might serve as a model for a community pool. It is located at the Kahkwa Country club in Erie.

Hardly a casual greeting, that between waitress **MONA FREEMAN** and **JOHN ERICSON**, Civil War veteran, in a scene from "Stage for Tucson" on the Frontier Justice series Monday night, July 28, at 9:30 on Ch. 4.

**WARREN'S PAT MADDEN** will enter the 100 meter butterfly and 200 meter breast stroke events in the men's division at the Pittsburgh Post Gazette--Amateur Athletic Union co-sponsored Allegheny Mountain Association Swimming Championships in Pittsburgh August 3.

The Conquer Lake Chautauqua swim, which Madden usually enters, has been cancelled this year.

DEFENDING CHAMPION Mark Peterson caught by the camera as he warms up for the annual Jaycee Jr. Tennis tournament which will be held on the Beaty courts August 20-30.

ANOTHER CONTENDER for the Jaycee Jr. Tennis title this year is Bruce Africa.

## Area Sports

### INTER-CITY BASEBALL

The Warren Rockets and the Ludlow Wildcats dropped close decisions in Inter-City baseball play last week end. Their losses leave Ludlow in second place with 8 wins and 5 losses and Warren in third position with 8 victories and 6 setbacks. Marlin Rockwell is the league leader with 11 wins and 1 loss.

The Jamestown Moose outlasted a three-run ninth inning rally to edge the Warren Rockets, 6 to 5, in a Saturday game. The Rockets took a two-run lead in the first inning but lost it when the Moose scored once in the fourth inning and five more times in the fifth inning. The Rockets pushed over three runs in the bottom of the ninth with an error, two singles and a hit batsman before 53 year old Jess Fulford relieved Moose starter Chuck Dilts and retired the last batter. Ken Thompson and Dave Lopez, Warren mounds-men, allowed only seven hits.

Art Metal scored three runs in the top of the tenth inning to down Ludlow, 6 to 3, and break their 11 game losing streak at Wildcat Park on Sunday. Ludlow scored single runs in the first three innings and Art Metal tied the game with single runs in the seventh, eighth and ninth frames. Two singles, a double and a Ludlow error scored the three winning runs in the tenth.

### ROCKETS DUMP HARMONY

The Warren Rockets bumped Harmony, N. Y., 11 to 4, in an exhibition baseball game played at Harmony last Sunday. The home club took an early lead when they scored a run in the first frame but lost their lead when the Rockets scored four runs in the fourth inning. Mike Kotmair hit three singles in four at bats and Nicky Creola knocked a single, double and triple in five trips to the plate. Hannold and Thompson pitched for the Rockets.

### PLAN ARCHERY SHOOT

The Youngsville Archery Club has scheduled a Club Shoot on its York Hill range on Sunday, August 3, at 1:30 p. m. Prizes will be awarded to first and second place winners.

### SUNRAY WINS DOUBLEHEADER

The Sunray Products Bombers softball team took a doubleheader from a Jamestown All-Star team in Jamestown last Saturday night.

In the opener, Sunray blasted the Jamestown team 11 to 2. The Bombers scored two runs in the second frame on an error, a walk and Carm Giunta's single, and added 7 more runs in the next inning, three of the runs scoring on pitcher Ken Sorenson's bases-loaded triple.

The Jamestowners scored two runs in their portion of the third inning and the Bombers matched that pair of runs in the fourth to end the scoring.

Sorenson pitched two-hit ball for Warren.

In the night cap, the Bombers came from behind to nip the All-Stars, 5 to 4. Jamestown scored two in the first inning and the Bombers tied the score on Bill Massa's second inning homerun and Lou Cummings circuit blast in the third frame.

Single runs in the third and fourth frames gave the Jamestowners a 4 to 2 lead until the Bombers tallied three times in the sixth inning on two walks, Ned Bartholomew's double and a single off the bat of Bill Massa.

John Berdine pitched the win for Sunray.

### FORESTRY FIELD DAYS

The first annual Forestry Practice Field Days in Northwestern Pennsylvania will be held in the Meadville area on Wednesday, August 13, and in the Titusville sector the following day.

Half day tours are planned to show how the use of the Agricultural Conservation Program helps in planting forest trees, cultural treatment of plantations and timber stand improvement work. Woodland management, techniques, protection from grazing fire, insects and disease and wildlife management will also be discussed in the program sponsored by the Department of Forests and Waters.

Tour times for both meetings are at 9 a. m. and 1 p. m. In Meadville area the location is on Route 98, a half mile north of intersection 98-19-322-6, west of Meadville; while in Titusville the meeting place is at Buells Corners, Route 98 at intersection of Centerville rd.

ASC committee members, ASC checkers, soil conservation district directors, extension agents, other cooperating agencies and any interested landowners are invited to attend and participate.

### LATE HOT STOVE

Thomas Coupling edged Youngsville Cabinet Shop, 1 to 0, on the one-hit pitching of Erickson in a Bantam League, Western division game. Shine, Youngsville hurler, allowed only two hits.

Betts nipped Style Shop, 8 to 7, when Jim Carbon singled home the winning run in the bottom of the seventh inning in a Junior league contest. Reynolds was the winning moundsman for Betts.

### CITY SOFTBALL ACTION

Soda Mineral and Betts continued their domination of the Warren City Softball League during the past week with Betts winning three games and Soda Mineral downing two opponents.

Betts clipped Youngsville twice during the past week. In the first game, Betts turned back Youngsville, 16 to 6, with Gene Sweet on the mound. Hud Berdine homered as Betts batters rapped 19 hits. Gene Sweet recorded his twelfth win against no losses when Betts tripped Youngsville, 12 to 3, later in the week. Youngsville took a 3 to 2 lead in the third on Elmer Haight's homerun but were held scoreless the

remainder of the game as Betts recorded 9 more runs to win.

Betts also clubbed Nino's Restaurant, 16 to 2, on the 5-hit pitching of Sweet. Rico Bonavita drove in 5 runs for the winners with 3 hits in 5 at bats.

Soda Mineral scored 10 runs in a big seventh inning to dump Struthers Wells, 20 to 6. Dick Koebley collected 5 hits in 6 at bats and Hal Brown, Jack White and Monk Murphy doubled for Soda Mineral.

By scoring in every inning except the final frame, Soda Mineral whipped Nino's, 18 to 4. Hal Brown and John Foley homered for the winners. Bud Speicher was the winning hurler.

Soda Mineral clubbed Betts, 10 to 1, to virtually assure them the championship of the City Softball league in a game on the West Side diamond last night. Bill Brown and Hal Brown homered for the winners who collected eight hits from two Betts pitchers, Ken Sorenson and Gene Sweet. Bud Speicher pitched the win for Soda Mineral.

### AN ACE

Bill Rice enriched an already successful golfing life by scoring a hole-in-one on the Conewango Valley Country Club's number seven hole last Thursday. Playing companions say his six iron was well hit, biting the turf immediately in front of the hole and dribbling in.

### MEN'S PLAY

The weekly men's day action at the CVCC was highlighted by Bill Rice's ace. He also tied with Dick Krapfel for the least putts in nine holes of play by using only 11. Bob Blair had a 38 for first flight low, gross.

Second flight leaders were Phil Pritchard with 10 putts and Tom Atwell with a 41. In the third flight, three tied with 13 putts, Homer Culbertson, Dean Anderson, and Frank Perrin. Al Loranger shot a 38. In the fourth flight Hans Link and Carl Lundahl had 13 putts, and Howard Boyd fired a 43.

### SUCCESSFUL LADIES

Warren's lady golfers did well in the Northwestern Pennsylvania Women's Golf Association tournament at Corry last Friday. The competition was switched to Corry after Sharon's course had been washed out by heavy rains.

Mrs. Rasselas Brown, of Corry, paced the field with a 79. Mrs. Harry Conarro, Jr. had the low net in division 1. Mrs. John Carter, Mrs. Wendell Lawson, and Mrs. Homer Culbertson finished second, third, and fourth. Mrs. T. W. Fisher had the least putts, 33.

Jane Culbertson was low net in division 2, and Carol Blackman was third. Mrs. H. L. Banghart had the least putts, 30.

### LADIES' DAY

Mrs. Harry Conarro, Jr. flicked off an 80 to lead the lady swingers yesterday in their weekly event. She also was low net in division one. Tied for second were Carol Blackman and Mrs. W. C. Fuellhart.

Mrs. David Beaty led the second division, where four tied for second, Mrs. Harold Banghart, Mrs. Jeral Angove, Mrs. James Kannen, and Mrs. William Walters. Mrs. Robert Anstadt led division three, followed by Mrs. J. H. Frantz.

The special event was low gross on the par three holes. The winners were Mrs. Homer Culbertson in the first, Mrs. Folmer Yerg and Mrs. David Beaty in the second, Mrs. Robert Anstadt, Mrs. H. W. Wildblood, Mrs. B. W. Knapp, and Mrs. Harry Schmidt in the third.

### SCHOLARSHIP TALK

About twenty clubs may team up for the junior golf tournament to be held each year on Moon Brook's course. Contributions from the participating clubs, based on golf round assessments, or on an annual per capita basis, should yield enough to pay off in scholarships of approximately \$1,000, \$600, and \$400.

The money, of course, would have to be sent to the school of the golfer's choice. If he failed to use it, the money would revert to the fund. More definite plans will be worked out in meetings scheduled soon.

### FOUR-BALL

The finals of the four-ball foursome tournament at the CVCC is one match away. Lloyd Cleveland and Nummy Lundahl have reached the finals. They will play the winner of the match between Dr. Ericsson and John Carter vs. Dr.

Yerg and Merle Kremer.

### ANNUAL TOURNAMENT

The third annual public golf tournament held on the Kinzua course will be shot August 24. It will call for eighteen holes and there will be scratch and handicap prizes. Joe Brindis won last year with a 77.

### INDUSTRIAL ACTION

Logan's Men's Wear and Sylvania No. 1 are leading the Industrial league with 38 points each. New York Restaurant has 34 and Chemical Products, 33.

Joe Brindis this week led the scoring with a 35, despite bogies on the last two holes. Dick Krapfel shot 36, Bob Blair, 37, and Joe Scalise, 38.

Team match results: New York Restaurant, 3, Valone Atlantic, 0; United Refinery, 3, Sylvania Office, 2; National Forge, 3, Seneca Lumber, 2; Sylvania One, 1, Ludlow, 2; Loranger, 3, Struthers, 2; Powley Insurance, 3, Cunningham Restaurant, 1; DeLuxe Metal, 3, Carlson Motor, 2.

## OUTDOORS

### DEER KILL DISCUSSED

The Pennsylvania Game Commission finally has come out with a statement which supports the Observer's story of many months ago. We revealed that the 1957 buck kill was a new record. The Commission now admits that the 49,254 antlered kill was the largest, exceeding the previous record of 49,106, shot in 1939.

It offers much other information concerning the deer brought in.

Most of the deer were about 1-1/2 years old. Sixty per cent of them were in this category.

The meat brought in should have filled a few refrigerators and made the meat markets unhappy. It totaled about 6-1/2 million pounds of venison.

The kill during the antlerless season of course was not confined to does. About 19.6 per cent of those brought in without antlers were males.

Warren county apparently was about average in the size of antlers. Elk and Forest were listed among those in which the antler diameter for yearlings was below average. Above the average were Crawford, Erie, and Venango.

Given good food conditions deer will add many points as they increase in years. They will grow much heavier antlers when food is plentiful, and such changes take place up to about ten years, though few deer live that long where hunting is heavy.

The average number of points is 3.9 for those in the 1-1/2 year group. Another year makes the average about 5.75. The 3-1/2 year deer have 7.1 points. The same goes for the next year. Those over 4-1/2 years average about 8.6 points.

The average weight was 51 pounds for fawns. The 1-1/2 year deer averaged 100 pounds for bucks and 87 pounds for does. It was 112 and 91 for the next year, and bucks 3-1/2 years old averaged only 131 pounds. The females, 100 pounds.

The increase in the deer herd was revealed in seven counties where the total was twice that of the average for the past five years. In twenty-two counties the increase was up 75 per cent. It is these counties which reveal the need for an increased harvest of the deer to prevent serious overpopulation.

To the hunting kill you must add those knocked off for crop damage

and through accidents. This figure is 15,213. About 5,000 others died of malnutrition. This is an increase of 20 per cent over the previous year.

Those who argue that you cannot kill doe or you will lose your herd might be interested in learning that of the does killed during the winter and spring, ninety per cent were carrying fawns, and the ratio was 115 males to 100 females. \*\*\*

### GUN SAFETY PROGRAM

The Pennsylvania Game Commission hopes to have a thousand qualified gun instructors in the field by the time the hunting season is with us. Forty-eight field men have been specially trained for the purpose of training others. These in turn will serve as safety instructors to teach additional deputies.

All district game protectors will be certified by August 1, and deputy game protectors will have been taught by September 15. This deputy group also can include Scout masters, school faculty members, members of sportsmen's organizations, service groups, and veteran organizations.

This should mean that by fall a thousand classes can be underway with the result that thousands of young men and women not only will be better risks in the woodlands, but also will know enough about weapons to assure greater safety in the homes and other places where guns are used or stored.

All responsible for suggesting the names of deputy instructors are urged to make sure their choices are of good character and are respected in their communities. This program can mushroom into a knowledge of gun safety that will save many lives.

### COOKING WON'T HELP

If you think that by cooking your illegal venison you will escape detection you are enjoying a very

false security. New Hampshire university technicians have discovered a simple test which will reveal the truth about cooked deer meat. And Pennsylvania game protectors are aware of the method and are prepared to use it. \*\*\*

### RATTLER PROTECTION

If you want protection about your camp from rattlers, tame a skunk. We are not sure which is the more uncomfortable, the fear of snakes or the smell of the black and white fellow, but skunk odor is distasteful to rattlesnakes and they are very apt to go in other directions. This is not peculiar to the snake. Who doesn't?

We didn't learn this from an old guide. We read it in the Wall Street Journal. Nature abounds.

See How **Coleman** Blend-Air SYSTEM  
 Gets Extra Comfort  
 Out Of Automatic Oil Heat

Re-Circulates Air In Each Room Every 8 Min.!  
 No Drafts, No Cold Floors, No Heat Waste

Coleman's new, fuel-saving furnace delivers more heat--then Blend-Air takes over, and distributes heat better than any heating system you've ever known.

Easier To Install. Blend-Air's 3 1/2 inch round ducts fit in your walls; saves tearing up home, saves costly alterations and hours of installation time.

Models For Basement, Closet, Utility Room; console type (see left) or vertical. Blend-Air "Blenders" go in ceiling, in wall

or in baseboard; models to cover old style register openings in present home.

\$1000 Bond Guarantees your comfort! The exclusive Blend-Air system is so sure to keep you healthfully, comfortably warm, Coleman backs Blend-Air heating with a \$1000 Comfort Bond.

# WARREN WATER COMPANY DISTRIBUTES GOOD WATER AT A COMPARABLY LOW COST

THE WARREN WATER COMPANY EMPLOYEES 18, including the three in the picture, Cashier, John Salamon; Clerks Ruth Gaghan and Rose Ann DeFabio.

The local company is an affiliate of The American Water Works Service Co., Inc., which owns more than 20 water companies and helps to administer them from its headquarters in Philadelphia. The local company was organized in June 1881 and has changed hands many times with the most recent new owners designated through more and more consolidation of water companies.

Presently the company has 4611 customers in Warren borough, Pleasant, Glade and Mead townships, with practically every service metered. The company furnishes

water to North Warren where it is distributed to an additional 450 customers.

During the first World War, a Kaiser-hating populace in Warren branded the Water Company "unpatriotic" when it delivered its statements by carriers rather than by U. S. Mail. Many citizens thought the maneuver was made to avoid a 1¢ tax on mail imposed by the federal government to finance the war effort. Actually the company saved \$75 each delivery and a newspaper advertisement supporting a Victory Bond sales campaign silenced the clamor.

Warren Borough now has a network of 60 miles of pipes, exclusive of service lines, carrying the pure water to residential, indus-

trial, and commercial taps. An additional five miles of pipes are required to serve portions of Pleasant, Glade, Mead, and Conewango township.

Warren is blessed by being located where good water is available. The efforts of the Warren Water Company are devoted to bringing the best, the purest, and the greatest quantity of water to the local customers at the most reasonable cost possible.

The distribution crew of five men is supervised by Foreman Gerald Rowley who has been in the employ of the Warren Water Company for 18 years. It is their responsibility to get the water from the pump station to the customers.

DAN TROXELL is the manager of the Warren Water Company. Mr. Troxell emphasized that the Company has done all possible to keep posted on technical advances. Bill Rea, chief engineer, spent a week this summer at State College where mutual problems were discussed with water company employees from all over Pennsylvania and under the guidance of professors of the University. In previous years, the manager and other key personnel have received the specialized training.

THE STEAM-DRIVEN PUMPS have a total capacity to circulate million gallons per day. In fact, one of the pumps is held in reserve since Warren's requirements do not justify its use.

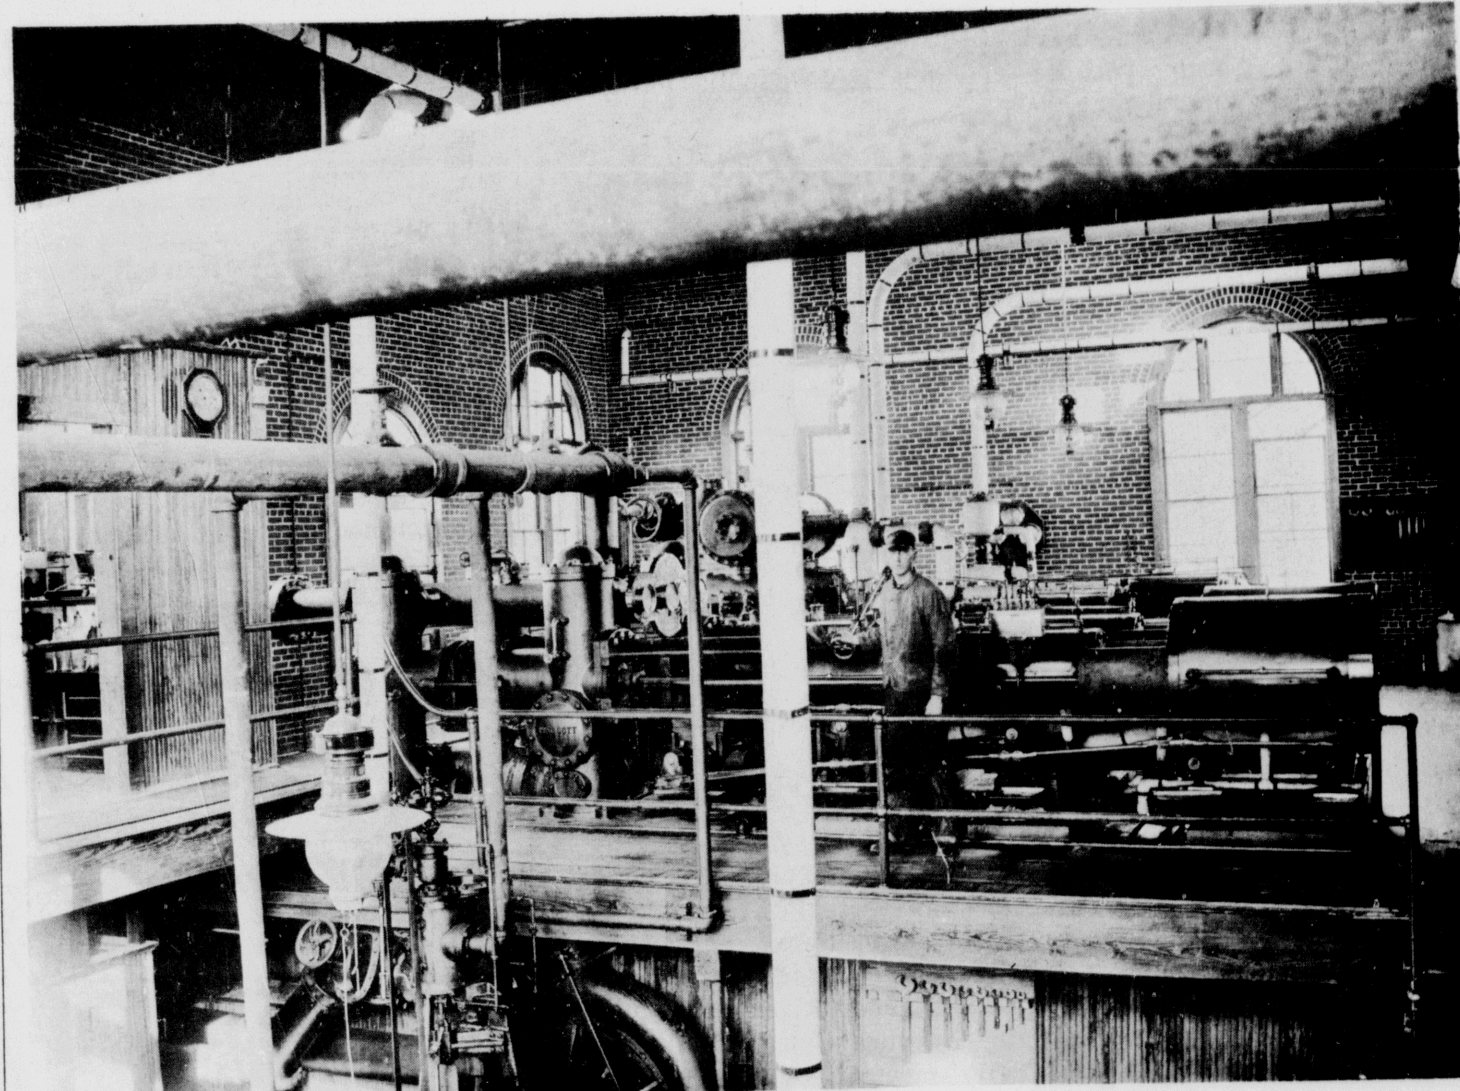

Before the one million gallon storage tank was built on Liberty street, the water was pumped directly into the mains and had to fluctuate with the varying demands of from 35,000 to 150,000 gallons per hour. Now the pumps work at a steady rate, 24 hours per day, 365 days per year, and the nightly excess automatically fills the huge storage tank. The reserve accumulated during the night is used during peak hours of the next day. Industrial plants working around the clock continue the daily consumption at an even keel than years ago when all men worked days and slept nights.

The steam is manufactured in two water tube boilers which are used interchangeably. The steam is controlled at 120 lbs. generating 200 horsepower. Water is constantly being replenished in the boilers and is first preheated by use of the exhaust steam. The boilers will soon be dismantled as the company is in the process of electrifying its pumps.

The greatest single hour of demand was in the 1956 flood when 275,000 gallons were pumped into the lines before it was discovered, rushing out a broken main at the Pennsylvania ave. bridge over Glade Run where an automobile rolling end over end in the turbulent waters caused the damage. It is common procedure to keep the pipes full when breaks occur so that foreign matter will be prevented from entering the system.

Water company officials estimate that over 1,000,000 gallons of water spouted from the various fire company's hoses onto the Carver Hotel fire.

Laboratory tests are run daily to guarantee that the water is free of harmful bacteria. Vials of water and gelatin containing tap water are kept in an incubator set at body temperature and developments are

carefully studied. Bacteria will form gas in the vials and mold on the gelatin. It takes 24 to 48 hours for the results to be conclusive.

Back in 1898, the Warren Water supply inspired one "Will U. Trysome" to pen these immortal lines:

"There's no other town that we know of nearby;  
That has such a wonderful water supply;  
We draw from one spigot queer mixtures at will,  
But mostly the kind which is turbid like swill."

And some people doubt that it's wholesome and pure  
If leached through old tan-bark and piles of manure;  
Some think infusoria can, if it will,  
Change nature's old law and at least run up hill.

When taking a bath, just before you begin,

You hesitate first if you dare to get in;  
And whether the chances you may have to take,  
Don't justify you to go up to the lake.

We never have anywhere seen it this way,  
And doubt if the company can make it pay;  
To furnish such mixtures and compounding skill,  
At such trifling rates as its patrons pay still."

In 1922, Warren Borough tried to prove in court that the water was not fit for human consumption. The hearing failed. Several times council has investigated purchasing the water company and in 1911 it was appraised at \$471,882.28. The method of purchasing was declared illegal by the local court and the decision was sustained through appeals to the State Supreme Court.

(Continued from previous page)

CLEANLINESS AND PURITY of the water are maintained in the filter house. The water from the settling tank is pulled by gravity through the six rapid sand filters. The filters, as seen to the left of the accompanying picture, are constructed of three 4 in. layers of gravel, coarse on the bottom, and 24 inches of sand. The water emerges into the clear well free of dirt and sediment at the maximum rate of three million gallons per day. Water from the two Hemlock st. wells is so clear that it is routed around the filters and directly into the clear well where a flashlight can illuminate the depths even through 100,000 gallons of H<sub>2</sub>O. Two of the filtering tanks are back-

washed every night with the accumulated dirt drained into the Allegheny River.

The 150-lb. tanks in the picture add chlorine to the water at a rate of approximately 5 1/2 lbs. every 24 hours, slightly more if conditions warrant. Tests are made hourly to guarantee that enough residual chlorine remains after killing all bacteria to last to the end of the 60 miles of main lines.

Lime is added to the water to maintain .9 above PH 7.0 which is considered a perfect balance so that pipes are neither eaten away by acid nor restricted in size by alkaline buildups. Variations in PH will cause corrosion one day which will appear as rust at the

tap the next. The water is held in the clear well about 45 minutes so that the chlorine will have time to react properly before reaching the first customer.

Warren's water supply is so pure at its source that the chlorination is almost minimal. In large cities where water is taken directly from highly contaminated lakes and rivers it is not unusual for 60 to 70 lbs. of chlorine to be used for every one million gallons of water. In fact, the water is often given uncalculated doses of chlorine before it is even pumped to settling tanks.

Here, Dan Troxell, manager, and William Rea, chief engineer, are inspecting the chlorination equipment.

BEAUTIFUL AND USEFUL, this dam was built by the Warren Water Co. in 1923. It was designed to retain five million gallons of Morrison Run water which is transmitted to the pump station through 2 1/2 miles of 10 inch pipe. All Morrison Run water and the product of four wells on the pump station site are retained in a 300,000 gallon settling tank where added alum helps foreign matter to coagulate and sink to the bottom. Only about one ft. of the top water is used and the tanks are thoroughly cleaned twice per year.

The Morrison Run watershed is

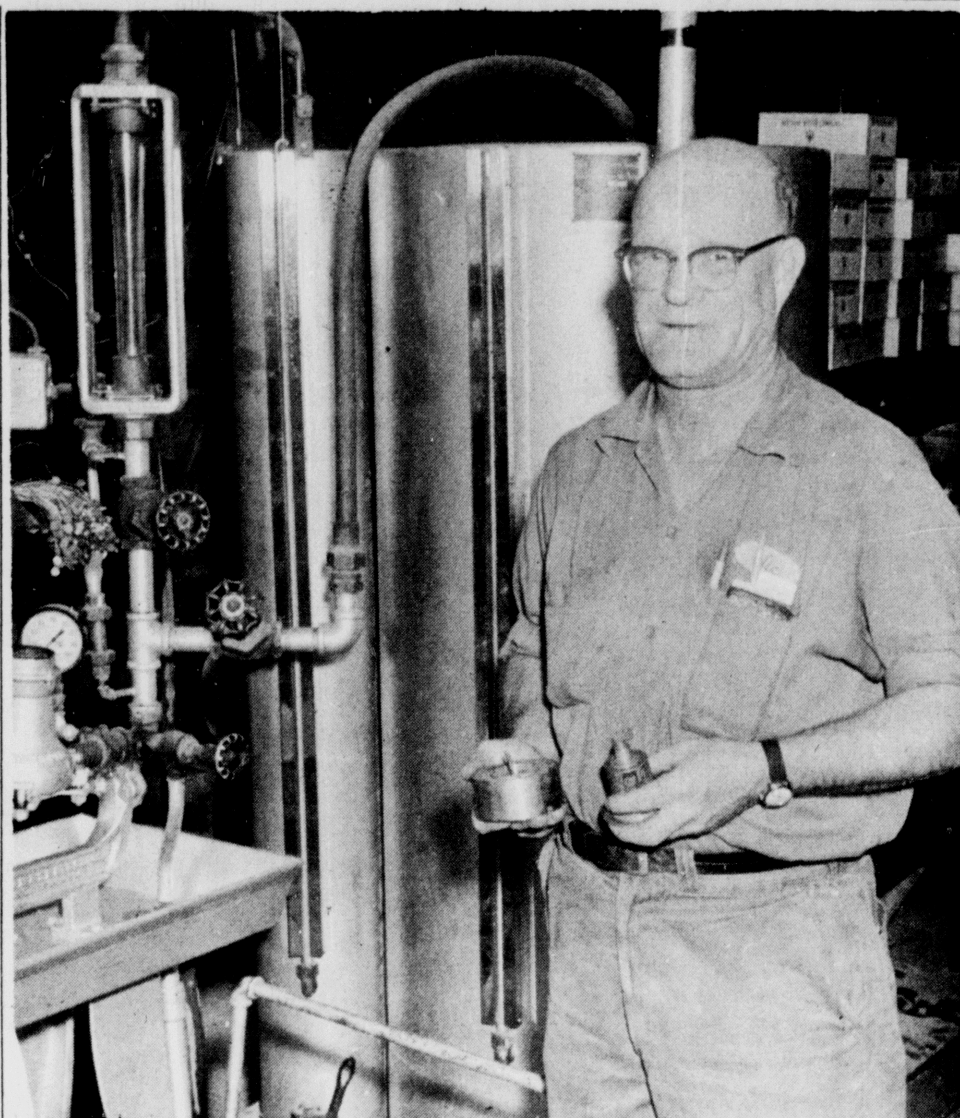

over seven miles long and the Warren Water Co. owns about 285 acres on both sides of the stream. Stream water is preferred to well water because it contains less minerals and is softer. Normally, the Morrison Run reservoir is shut off during the dry, hot season when there is little or no overflow at the dam. This year, however, the extended rainy period might justify the use of the stream throughout the balance of the summer. The water is picked up by a floating intake located at the buoys in the picture.

In the severe winter of 1918-19, Morrison Run froze solid to the

bottom when temperatures for January and February averaged a chilly 16 degrees, lowest on record to that date. Water was taken from the Allegheny River causing Warren Borough Council and the two daily newspapers to vibrate with discussions of the foul taste and the unsightly color.

Investigators tended to blame the unpalatable water, pure as it proved to be, onto creosote dumped into the river by upstream chemical plants. A clogged and broken intake at that time in the Allegheny River caused Warren to be completely without water for a period of two hours. Imported divers in full regalia caused quite a local sensation as they explored the stream's depth to ascertain and correct the problems.

Allegheny River water has not been used for years. In fact, the intake at the river has been severed.

WATER METERS ARE RE-PAIRED IN WARREN for ten companies affiliated with the American Water Works Service Co., Inc. Victor Landers is holding the two important parts of a meter. In his right hand is the disc chamber which measures the water by allowing a specified portion of a cubic foot to enter with each complete revolution. Through a series of cogs and gears the measurement is transmitted to the face of the meter where it can be easily read.

In the background is a testing tank. Water from the calibrated tank is run through the meter to see if the meter accumulation agrees with the measured amount emptied from the tank. Mr. Landers emphasized that old meters always give the customers bargains as wear on the meters will allow more water to pass than is measured.

The PUC outlines the degrees of accuracy required of meters and stipulates that residential meters be tested at least every ten years. The Warren Water Co. has more stringent accuracy requirements than the state regulations and it is company policy to completely recondition every meter which is removed after five years service. Councilman Hazen in 1910 ques-

tioned the Water Company's policy of charging double rates when two families used from the same meter. His statement concluded with this observation:

"That is what the Water Company is here for, by hook or crook, to get all the money out of the people and Borough they can, and still they say they are using the people of Warren white. Is it white for a man to hold you up on a dark night with a revolver and take all the money you have in your possession? It appears to me that one is about as white as the other."

Rates were equalized in 1922 at 40¢ per thousand and the \$3 minimum charge was established. Amid pyramiding prices water continued steadfast until last year when the rate became 56¢ per thousand and \$4.20 minimum. Warren continues to be low in water costs in comparison to other cities.

Last November the Warren Water Company began to collect the sewer rental for the borough. Although the sewer rental is added to the water bill at the rate of 105% of the bill the Company will have reimbursement on the basis of proportionate costs only.
